

February 7, 2007

Ms. Ulli Watkiss  
City Clerk  
City of Toronto  
Toronto City Hall  
100 Queen Street West  
Toronto, Ontario  
M5H 2N2

Dear Ms. Watkiss:

At its meeting on Wednesday, January 31, 2007, the Commission considered the attached report entitled, "Accessible Transit Services Plan – 2006 Status Report."

The Commission approved the recommendation contained in the report, as listed below:

"It is recommended that the Commission:

1. Receive this report for information noting that:
  - the attached report describes the status of the TTC's current activities to improve the accessibility of TTC facilities and services. It is the third annual update of the more-comprehensive *Accessible Transit Services Plan – Year-End 2003 Status Report*, which was received by the Commission in February 2004;
  - the report fulfils provincially-legislated requirements for an annual documentation of the TTC's accessibility plans and major initiatives;
  - the new Accessibility for Ontarians with Disabilities Act, 2005 (AODA) requires that all transit services and facilities be accessible by 2025. The TTC's current plans, as outlined in the attached report, will meet or exceed this goal;
  - all the TTC's accessible transit service plans and updates are available on the TTC's web site so the public can see the progress being made each year towards the TTC's accessibility goals; and
2. Forward this report to the City of Toronto, the Ontario Ministries of Community and Social Services, Transportation, and Public Infrastructure Renewal, the Ontario Human Rights Commission, and the Greater Toronto Transportation Authority."

The foregoing is forwarded to the City Planning and Growth Committee for information.

Sincerely,

Vincent Rodo  
General Secretary  
1-16
