Chair
Public Works and Infrastructure Committee
City Hall
100 Queen Street West, Suite B31
Toronto, ON
M5H 2N2**

July 23rd, 2007

Dear Councillor De Baeremaeker,

Some constituents in the Elmhurst and Albion area of Ward 2 would like improvements made to their streets and I met with the respective General Managers of Toronto Water and Transportation Services to discuss.

I would like to request that Staff report to the September 6th, 2007 meeting of Public Works and Infrastructure Committee on the potential construction of storm sewers and curbs instead of the existing ditches and swales on Endicott Ave & Latonia Drive as part of the Capital Program.

Such an enhancement to these two small roads would be a positive change to the area and I am very supportive.

Thank you for your attention to this matter and I look forward to making a deputation at committee. Should you require any further information, please do not hesitate to contact my office and I thank you for your attention.

Sincerely;

**Rob Ford
Councillor,
Ward 2 Etobicoke North**
