

**STAFF REPORT  
ACTION REQUIRED**

**Installation of On-Street Parking Spaces for Persons with Disabilities – February 2007**

<b>Date:</b>	January 30, 2007
<b>To:</b>	Toronto and East York Community Council
<b>From:</b>	Director, Transportation Services Toronto and East York District
<b>Wards:</b>	Trinity-Spadina, Ward 19
<b>Reference Number:</b>	Ts07062te.top.doc

**SUMMARY**

The purpose of this report is to obtain approval for the installation of a number of on-street parking spaces for persons with disabilities.

**RECOMMENDATIONS**

**Transportation Services recommends that:**

1. the installation of on-street parking spaces for persons with disabilities at various locations as identified in the attached Appendix A be approved.

**Financial Impact**

Type of funding	Source of funds	Amount
Available within current budget	Transportation Services Division 2007 Operating Budget interim appropriations	\$900.00

**ISSUE BACKGROUND**

The Transportation Services Division receives numerous requests for the installation and removal of on-street parking spaces for persons with disabilities. Some of these requests come directly from members of the public and others are received through the local Councillors’ offices.

The installation of designated on-street parking spaces for persons with disabilities is a convenience provided for disabled persons and/or those who transport them, to make it easier for them to find available parking as near as possible to their places of residence or

intended destinations, reducing the distance that the disabled persons must walk. Delays in installing these requested on-street spaces create hardships for disabled applicants.

## **COMMENTS**

Transportation Services Division staff have investigated the feasibility of installing on-street parking spaces for persons with disabilities at various locations as identified in the attached Appendix A to this report.

For locations where on-street disabled persons' parking spaces are being established, all applicants are holders of valid disabled persons' parking permits issued by the Ministry of Transportation and each designated space will not result in the loss of more than one on-street parking space.

Based on staff investigations, it is recommended that the installation of the on-street parking spaces for persons with disabilities identified in Appendix A be approved.
