AUDITOR'S REPORT

To the Council of the Corporation of the City of Toronto and the Board of Management for the Korea Town Business Improvement Area

I have audited the statement of financial position of the Board of Management for the Korea Town Business Improvement Area as at December 31, 2007 and the statements of revenue, expenditure and operating surplus and changes in financial position for the year then ended. These financial statements are the responsibility of the Board's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many not-for-profit organizations, the Board derives revenue from donations, the completeness of which is not susceptible to satisfactory audit verification. As a consequence, my verification of these revenues was limited to the amounts recorded in the records of the Board and I was not able to determine whether any adjustments might be necessary to revenue, operating surplus and assets.

In my opinion, except for the effect of adjustments, if any, which I might have determined to be necessary had I been able to satisfy myself concerning the completeness of the donations referred to in the preceding paragraph, these financial statements present fairly in all material respects, the financial position of the Board as at December 31, 2007 and the results of its operations and changes in financial position for the year then ended in accordance with Canadian generally accepted accounting principles.

1. ESTABLISHMENT AND OPERATIONS

The Korea Town Business Improvement Area (BIA) is established as a Business Improvement Area under the management and control of a Board of Management appointed by Council of the City of Toronto.

The Board is entrusted with the improvements, beautification and maintenance of municipally owned lands, buildings and structures in the area, together with the promotion of the area as a business or shopping area. Funding is provided by property owners of the BIA who are levied a special charge based on an annual operating budget prepared by the Board and approved by Council under Section 220(17) of the Municipal Act, as amended.

Although the City Council approved the establishment of the Korea Town BIA in 2004, no business was carried out during 2004 other than the election of the Board members and approval of year 2005 BIA budget.
