2008 Major Cultural Organizations Allocations - Recommendations

(May 27, 2008) Report from the Executive Director, Toronto Culture.

Recommendations

The Executive Director of Culture recommends that:

1. The cultural investment of \$4,836,700.00 be approved for the following organizations:

Art Gallery of Ontario	\$ 520,000.00
Canadian Opera Company	\$1,266,000.00
National Ballet of Canada	\$1,104,000.00
National Ballet School	\$ 132,000.00
Toronto Symphony Orchestra	\$1,090,000.00
George Gardiner Museum of Ceramics	\$ 130,700.00
Festival Management Committee (Caribana)	\$ 475,000.00
Pride Toronto	\$ 119,000.00

2. The balance of the 2008 instalment payments to the Art Gallery of Ontario, Canadian Opera Company, National Ballet of Canada and Toronto Symphony Orchestra be made as one payment following allocation adoption by Council, and that monthly instalments to these organizations resume in January 2009.
3. The appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

Financial Impact

This report recommends that the 2008 approved Operating Budget of \$4,836,700 for the Major Cultural Organizations within the Community Partnership and Investment Program (CPIP) be allocated to the eight above-mentioned major cultural organizations.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

The recommendations in this report implement the fifth year of a five-year plan to restore funding to the Major Cultural Organizations to the 1990 level, adjusted for inflation. The increase to the 2008 Approved Budget for Major Cultural Organizations through the Community Partnership and Investment Program is nine percent which was the target for 2008.

It is well known among economists that cultural and creative industries (which includes the Major Cultural Organizations) are not only key economic sectors themselves, they also positively affect the business environment by attracting highly educated workers, revitalizing the downtown, being a magnet for tourists and new firms, and in creating jobs.

Investment in Toronto's major cultural organizations is important to compete in a growing international and competitive market to attract talent and firms. "Creative Toronto" is one of the four pillars outlined in the "Agenda for Prosperity", a document prepared by the Mayor's Economic Competitiveness Advisory Committee.

The Creative City Planning Framework is a supporting document to the "Agenda for Prosperity." In its research it makes important links between the two reports and expands on how Toronto can increase economic competitiveness through adopting a Cultural Planning model. Specifically, the "Creative City Planning Framework" recommends new funding levels for Toronto arts and culture organizations. Funding the Major Cultural Organizations therefore helps Toronto realize Toronto's full potential as a Creative City and achieving future prosperity.

The report recommends that eight allocations be approved for the Art Gallery of Ontario; Canadian Opera Company; National Ballet of Canada; National Ballet School; Toronto Symphony Orchestra; George Gardiner Museum of Ceramics; Pride Toronto and Festival Management Committee (Caribana) for a total of \$4,836,700.00.

2008 Funding Allocation for Local Arts Service Organizations (LASOs)

(May 12, 2008) Report from the Executive Director, Toronto Culture.

Recommendations

The Executive Director, Toronto Culture recommends that:

1. City Council approve the Arts and Culture funding allocations totalling \$512,700 to four Local Arts Service Organizations (LASOs) as follows:

Organization	Funding Allocation
Arts Etobicoke	\$218,700
Lakeshore Arts	\$ 94,040
Scarborough Arts Council	\$109,000
UrbanArts Community Arts Council	\$ 90,960
Total	\$512,700

2. City Council authorize the appropriate City officials to take the necessary action to give effect thereto.

Financial Impact

There is no financial impact beyond what has already been approved in the 2008 Approved Operating Budget.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

This report seeks Council approval on the recommended funding allocations for the four non-profit organizations that have applied for municipal support within the Local Arts Service Organizations (LASOs) category of Arts and Culture, Community Partnership and Investment Program (CPIP).

Community arts are the bedrock of the City's cultural ecology. The LASOs are community-based arts and cultural organizations that are essential to a vibrant community arts infrastructure for the City and are an important building block for healthy and cohesive communities. These organizations have sound financial management systems and governance structures. Public funding is necessary as the organizations are not fully self-supporting through private donations and self-generated income.

Allocation recommendations presented in this report are based on the review by Culture staff and a peer advisory panel. Culture staff manage the program and reviewed the funding applications with due diligence and in compliance with the City of Toronto's Grants Policy adopted by Council on December 16 and 17, 1998. Renewed multi-year (2008-2010) funding agreements, which establish a structured link between the City and the four LASOs and guide funding allocations, are in place for this funding cycle.

A total of \$512,700 is approved for the LASOs within the 2008 Approved Operating Budget for CPIP. Toronto Culture recommends the \$512,700 be allocated to the four LASOs for the 2008 funding cycle.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial implications.

Summary

This report presents an assessment of applications received to the EDSIP and ESI grant programs. Strip Plaza Rehabilitation

(May 27, 2008) Report from Deputy City Manager Sue Corke and the City Solicitor.

Recommendations

The Deputy City Manager for Cluster A and the City Solicitor recommend that:

1. Municipal Licensing and Standards Division undertake in 2008 a strip plaza property maintenance pilot project, in consultation with City Divisions where appropriate and necessary, consisting of issue identification and stakeholder consultation and education within three strip plazas, one in each of the West, North and East Districts of the City, and that each be eligible for up to \$10,000 in Clean and Beautiful City funding for improvements to adjacent public lands.
2. Municipal Licensing and Standards Division and the Deputy City Manager of Cluster B consider the establishment of a special strip plaza education and enforcement team as a service priority during the 2009 Service Planning process.
3. The Executive Director, Municipal Licensing and Standards, in consultation with the General Manager, Solid Waste Management Services and the City Solicitor, review and report as necessary, on any amendments to existing City By-laws that regulate littering and other debris removal that could improve the effectiveness of the By-laws.

Financial Impact

There are no 2008 financial impacts resulting from this report.

The proposed pilot project can be accommodated within the existing Municipal Licensing and Standards Division's 2008 operating budget. However, the Division advises that the number of locations inspected in 2008 will be reduced in order to accommodate the pilot project within their 2008 work plan.

The proposed strip plaza education and enforcement team within the Municipal Licensing and Standards Division will be considered as a service priority as part of the 2009 Service Planning process.

The proposed \$30,000 Clean and Beautiful City expenditures fall within the mandate of the City's Clean and Beautiful program and can be accommodated within its 2008 capital budget.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

At its meeting on July 5, 2007, the Economic Development Committee directed the City Solicitor and the General Manager of Economic Development, Culture and Tourism (the "General Manager") to determine how the City can utilize the Community Improvement Plan designation as a tool in the rehabilitation of strip plazas. This report addresses the legal, financial and administrative difficulties of utilizing Community Improvement Plans and BIA/City Board model as the vehicles for improving strip plazas, but recommends instead a property maintenance consultation and education pilot project for 2008.

The City Manager's Office, Municipal Licensing and Standards, Financial Planning, City Planning, Transportation Services, Solid Waste Management Services and Economic Development staff were consulted in the preparation of this report.
