| Mayor David Miller (Chair) Deputy Mayor Joe Pantalone (Vice-Chair) Councillor Shelley Carroll Councillor Janet Davis Councillor Glenn De Baeremaeker | Councillor Paula Fletcher Councillor Norm Kelly Councillor Gloria Lindsay Luby Councillor Giorgio Mammoliti | Councillor Pam McConnell Councillor Joe Mihevc Councillor Howard Moscoe Councillor Kyle Rae |

Members of Council and Staff: Please keep this agenda and the accompanying material until the City Council meeting dealing with these matters has ended. **The City Clerk's Office will not provide additional copies.**

Special Assistance for Members of the Public: City staff can arrange for special assistance with some advance notice. If you need special assistance, please call (416-392-8485), TTY 416-338-0889 or e-mail (pmorris@toronto.ca).

Closed Meeting Requirements: If the Executive Committee wants to meet in closed session (privately), a member of the committee must make a motion to do so and give the reason why the Committee has to meet privately. (City of Toronto Act, 2006)

Notice to People Writing or making presentations to the Executive Committee: The City of Toronto Act, 2006 and the City of Toronto Municipal Code authorize the City of Toronto to collect any personal information in your communication or presentation to City Council or its committees.

The City collects this information to enable it to make informed decisions on the relevant issue(s). If you are submitting letters, faxes, e-mails, presentations or other communications to the City, you should be aware that your name and the fact that you communicated with the City will become part of the public record and will appear on the City's website. The City will also make your communication and any personal information in it - such as your postal address, telephone number or e-mail address - available to the public, unless you expressly request the City to remove it.

The City videotapes committee and community council meetings. If you make a presentation to a committee or community council, the City will be videotaping you and City staff may

make the video tapes available to the public.

If you want to learn more about why and how the City collects your information, write to the City Clerk's Office, City Hall, 100 Queen Street West, Toronto ON M5H 2N2 or by calling 416-392-8485.

Declarations of Interest under the Municipal Conflict of Interest Act.

Confirmation of Minutes – January 8, 2008

Speakers/Presentations - A complete list will be distributed at the meeting.

Delegation of Certain Powers in Real Estate Matters

Public Notice

(January 23 2008) Report from the Deputy City Manager and Chief Financial Officer and the City Solicitor

Recommendations

The Deputy City Manager and Chief Financial Officer and the City Solicitor recommend that:

1. City Council delegate the approving and signing powers in real estate matters as set out in Appendix A.
2. City of Toronto Municipal Code Chapter 27, Council Procedures, be amended as necessary to give effect to the delegation set out in Appendix A.
3. In respect of the exercise of delegated authority to dispose of land, City Council, as the approving authority under the *Expropriations Act*, authorize the Government Management Committee and staff to whom authority to dispose of land is being delegated, to dispose of lands acquired by expropriation without giving the owner from whom the land was expropriated the first chance to repurchase the land on the terms of the best offer received by the expropriating authority.
4. In respect of the acquisition of contaminated lands by means other than the development review process, City Council rescind the policy adopted by the former City of Toronto entitled "Environmental Issues – Real Property Acquisitions" as set out in Clause 46 of Report No. 11 of the Executive Committee at its meeting of June 21, and 22, 1993, and the former City of Etobicoke "Policy and Procedures for Dealing with Contaminated or Potentially Contaminated Sites", adopted by the former Etobicoke Council meeting on September 15, 1997, together with any other subsisting policies from the legacy municipalities.

5. This authority supercede and replace the delegation of approving authority in real property matters authorized by City Council's adoption of Appendix A-1 of Clause No. 1 as amended of Report No. 11 of The Corporate Services Committee at its meeting held on July 29, 30 and 31, 1998.
6. Authority be granted to the City Solicitor to submit any bills required to implement the foregoing, including all necessary amendments to City of Toronto Municipal Code Chapter 27, Council Procedures, and other chapters in the Municipal Code and other by-laws, generally in accordance with the report recommendations and Appendix A, and subject to any necessary technical adjustments.

Financial Impact

There is no financial impact as a result of this report. It is a pre-condition to the exercise of any delegated authority that all required funding be available in an approved budget.

Summary

To delegate various approving and signing powers in real estate matters.

Investment Earnings Policy and the Administration of Reserve Accounts

(January 23, 2008) Report from the Deputy City Manager and Chief Financial Officer

Recommendations

The Deputy City Manager and Chief Financial Officer recommends that:

1. the policy as outlined in Appendix A, concerning the allocation of investment earnings to reserve accounts, be adopted;
2. consistent with the policy recommended in Recommendation (1), reserves, reserve funds and accounts as set out in Appendix B be established or re-established for the purpose set out in the respective Schedules to Appendix B for each reserve, reserve fund and account, and Municipal Code Chapter 227, Administration of Reserves and Reserve Funds, be amended by adding the reserves, reserve funds and accounts to their respective schedules as set out in Schedules 1 through 18 in Appendix B;

3. the above recommendations be effective January 1, 2008;
4. Council establish an obligatory reserve fund called the ‘Soccer Stadium Capital Maintenance Reserve Fund’ to be used to provide for capital expenditures (i.e. capital expenditures as defined as per GAAP) for the soccer stadium at Exhibition Place and that it be added to the new Schedule #15 – Third Party Agreements Reserve Funds in Municipal Code Chapter 227;
5. the Deputy City Manager and Chief Financial Officer be authorized to establish accounts as required with balances on hand within the Planning Act Reserve Fund so that Section #37 and #45 funds will become reserve funds;
6. Council waive the current requirement for each account to be established within the Planning Act Reserve Funds via a by-law in order to expedite the creation of the necessary accounts as noted in Recommendation No. 7;
7. authority be delegated to the City Solicitor to periodically submit bills to amend Municipal Code 227 – Administration of Reserves and Reserve Funds – as future accounts are created, in order to include these accounts within the Planning Act Reserve Funds;
8. for accounts within the Planning Act Reserve Funds, where the balance in an account is the lesser of 10% of the original funding or \$10,000, that these funds can be used for a similar purpose within the same ward as the originating development;
9. Municipal Code 227 – Administration of Reserves and Reserve Funds be amended to authorize the Treasurer to establish accounts within the Planning Act Reserve Funds where Council has adopted a report containing a development agreement with Section #37 provisions which are clearly and totally described in the Financial Impact Section of said report, and to establish the seven criteria required by § 227-2B(1) through (7) of the Code;
10. the City Solicitor and the Chief Planner and Executive Director, City Planning Division in consultation with the Deputy City Manager and Chief Financial Officer be authorized to amend the current Agreement report template to include wording giving the City authority to exercise the policy enunciated in Recommendation No. 9, as well as the authority for the Deputy City Manager and Chief Financial Officer to establish an account within the Planning Act Reserve Fund; and
11. the appropriate officials be authorized and directed to take the necessary action to give effect thereto, and leave be granted for the introduction of any necessary bills in Council to give effect thereto.

Financial Impact

It is estimated that the impact of this policy in 2008 will be that investment revenues in the Operating Budget will be approximately \$2 million higher than they would have been had the policy not been implemented and the allocation in aggregate to the reserve funds will be similarly reduced. The 2008 Operating Budget already incorporates the revenue impact of this

report.

Summary

This report provides a policy for which funds will be held as a reserve versus a reserve fund. The four circumstances for the establishment of reserve funds are:

1. where there is a mandatory obligation to provide interest set out in legislation or an agreement;
2. where a capital asset is to be acquired or maintained (other than through donated funds);
3. where a future liability is increasing over time; and
4. where the intent is to create an endowment.

As well, as a consequence of these principles, it is being recommended that funds acquired as a result of an agreement under Section #37 of the Planning Act or a Committee of Adjustment decision under Section #45 of the Planning Act, be carried in the City's accounts as a reserve fund account in the Planning Act Reserve Funds thereby receiving interest.

As a consequence of the adoption of this policy, Municipal Code 227 – Administration of Reserves and Reserve Funds – will require amendment since some accounts currently classified as reserve funds are to be reclassified as reserves. As well, the report creates a new capital maintenance reserve fund for the soccer stadium.

Policy for the Provision of Line of Credit and Loan Guarantees for Cultural and Community-Based Organizations

(January 22, 2008) Report from the Deputy City Manager and Chief Financial Officer

Recommendations

The Deputy City Manager and Chief Financial Officer recommends that:

- (1) Council adopt the criteria for Capital Loan and Operating and Line of Credit Guarantees contained in Appendices "A" and "B" of this report;
- (2) the total amount of all financial guarantees provided by the City under the Capital Loan policy be limited to an aggregate total of \$125 million;

- (3) the total amount of all financial guarantees provided by the City under the Operating and Line of Credit policy continue to be limited to an aggregate total of \$10 million; and
- (4) the appropriate officials be authorized to take the necessary action to give effect thereto.

Financial Impact

Issuance of a line of credit or loan guarantee is considered to be a financial commitment of the City. However, there is no direct cost to the City for providing this guarantee unless the organization defaults on its obligation and the City cannot recover any funds.

Loan and line of credit guarantees are recorded as contingent liabilities in the City's financial statements. The credit rating agencies assess the level of exposure regarding contingent liabilities when assessing the City's borrowing capacity and credit rating. For this reason, it is important for the City's financial position that Council adheres to a policy that recognizes the financial impact of loan and line of credit guarantees.

Summary

This report recommends a policy for the guidance of City staff and Council in consideration of requests for capital and operating lines of credit and loan guarantees from cultural and community-based organizations.

Canadian Stage Company – Increase in Line of Credit Guarantee

(January 18, 2008) Report from the Deputy City Manager and Chief Financial Officer

Recommendations

The Deputy City Manager and Chief Financial Officer recommends that:

1.
 - a. the City increase the line of credit guarantee on behalf of the Canadian Stage Company (CanStage) to its financial institution to \$800,000.00 (inclusive of all interest payable by CanStage), commencing on January 1, 2008 and ending on October 31, 2009;
 - b. the City extend the agreement with CanStage with respect to the line of credit guarantee; and
 - c. the City extend the tri-party agreement with CanStage and with its financial institution with respect to the line of credit guarantee;

2. such guarantee and all related agreements be on terms and conditions satisfactory to the City Solicitor, the Deputy City Manager and Chief Financial Officer as well as Deputy City Manager Sue Corke, and that the Deputy City Manager and Chief Financial Officer be requested to negotiate appropriate and adequate safeguards, to the satisfaction of the City Solicitor, with the City being promptly advised in the event of default or delay in the payment of interest;
3. the City retain the right to withhold a portion of outstanding grants that the City may provide to the Canadian Stage Company in 2009 to pay off the line of credit if it is not retired or renegotiated by October 31, 2009;
4. the Canadian Stage Company provide the Deputy City Manager and Chief Financial Officer with their 2008 and 2009 audited financial statements when they become available;
5. the guarantee be deemed to be in the interest of the municipality; and
6. the appropriate officials be authorized to take the necessary action to give effect thereto.

Financial Impact

Issuance of a line of credit guarantee is considered to be a financial commitment of the City. However, there is no direct cost to the City for providing this guarantee unless the organization defaults on its obligation and the City cannot recover the funds beyond any grant funding to the Canadian Stage Company withheld by the City.

Summary

This report seeks Council approval to increase the line of credit guarantee for the Canadian Stage Company of \$500,000 by \$300,000 to \$800,000.00 from January 1, 2008 until October 31, 2009.

Development Charges Statutory Public Meeting

(January 17, 2008) Report from the Deputy City Manager and Chief Financial Officer

Recommendation

The Deputy City Manager and Chief Financial Officer recommends that:

1. Council delegate the authority and responsibility for holding a public meeting, pursuant

to section 12 of the Development Charges Act, 1997, to the Executive Committee.

Financial Impact

There is no financial impact associated with the adoption of the recommendations contained in this report.

Summary

This report recommends that Council delegate the authority and responsibility for holding a public meeting, pursuant to section 12 of the Development Charges Act, 1997, to the Executive Committee.

As part of the 2007 budget deliberations, Council authorized a review of the development charges by-law and Executive Committee, at its meeting of October 29, 2007, requested that staff expedite the requisite background study and introduction of the by-law. To that end, City staff commenced preparation of the detailed studies and initiated a stakeholder consultation process. It is expected that the draft development charges by-law will be presented for Council consideration in spring/summer 2008.

Prior to adopting a new development charges by-law, the legislation requires that Council hold at least one public meeting.

Sony Centre – Proposed Amendments to Umbrella Agreement

(January 24 2008) Report from the Deputy City Manager and Chief Financial Officer and the Chief Executive Officer, Sony Centre for the Performing Arts

Recommendations

The Deputy City Manager and Chief Financial Officer and the Chief Executive Officer of the Sony Centre recommend that:

1. The terms of the Umbrella Agreement be amended in accordance with the Letter of Intent attached as Appendix A of this report to provide for:
 - a. the sale to Castlepoint of the additional strata area on the seventh and eighth floors of the podium structure;
 - b. the extension of the date on which the SC/City must notify Castlepoint as to whether the CityCentre project will proceed;
 - c. the provision of up to \$10 million in initial funding by the SC/City towards the

construction of the podium structure; and

- d. the provision of a letter of credit by Castlepoint in the amended amount of \$12 million along with other collateral security to secure repayment of the SC/City's initial funding of the podium structure in the event the CityCentre project does not proceed;
2. A loan in the amount of \$5 million be extended by the City to the Board of the Sony Centre for the Performing Arts in order to temporarily fund the podium structure in which the proposed CityCentre cultural centre is to be located, such loan to be funded from the Capital Financing Reserve Fund;
 3. The City loan to the Board of the Sony Centre for the Performing Arts be repayable no later than Dec. 31, 2010, attract interest at the City's cost of capital, and contain such other terms as deemed appropriate by the Deputy City Manager and Chief Financial Officer; and
 4. The appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

Financial Impact

The proposed amendments to the Umbrella Agreement are outlined in the Letter of Intent attached as Appendix 'A' and the transaction timelines resulting from these amendments are shown below in Table 1.

The proposed amendments include two principal financial components.

Sale of Additional Strata Area

The first financial component is a provision to increase the funding available for the fit-out of the proposed Citycentre cultural facility, should the CityCentre project proceed. If sufficient funds are raised, this cultural facility is to be created within the eight-storey podium structure that will be built below the proposed residential condominium tower.

SC staff have determined that the banqueting facility originally proposed for the seventh and eighth floors of the podium structure will not result in a positive financial contribution to the CityCentre. SC staff have proposed the elimination of this facility and Castlepoint has agreed to purchase and add this space to its proposed residential condominium development. In addition to reducing the capital cost for the CityCentre structure, this provision also increases revenues to the City as Castlepoint has agreed to purchase this additional strata area for a price, subject to a third party appraisal, of approximately \$2 million.

This provision will allow for additional funding available for the implementation of the CityCentre or, alternatively, should the CityCentre not proceed, the additional revenue will be placed in a reserve fund for the benefit of the SC.

Extension of the Notification Date for the CityCentre Project

The second financial component is a provision to extend the date by which the City/SC is to inform Castlepoint of whether construction of the CityCentre cultural centre will proceed. In order to allow for an extension of this notification date to July 1, 2009, the proposed amendments to the Umbrella Agreement require that the SC/City provide the initial funding for the creation of the podium structure. This initial funding would be provided regardless of whether the decision is made on July 1, 2009 to proceed to create the CityCentre within this podium structure or to lease the strata area for this structure to Castlepoint for use as a commercial development (as per the fallback scenario under the original Umbrella Agreement). The SC/City's commitment for initial podium funding would be the lesser of the total amount expended on the construction of the podium structure as of Dec. 31, 2009 or \$10 million.

The maximum \$10 million commitment would be funded partially by \$5 million from the \$17 million payment received from Castlepoint upon closing of the transaction (\$15 million for the strata area used for the residential condominium tower as per the Umbrella Agreement plus approximately \$2 million for the additional strata area on the 7th and 8th floors of the podium structure). This \$5 million amount would be remaining after allocating \$12 million from Castlepoint's \$17 million payment towards the renovation of the existing theatre (as per the SC's Business Plan).

The Board has proposed that the remaining \$5 million required for the initial funding of the podium structure be made available through a loan of \$5 million from the City to the Board. If sufficient contributions are raised from outside parties, and the decision is made to proceed with the CityCentre, the City loan will be repaid using these contributions.

If, however, the decision is made not to proceed with the CityCentre, the amendments to the Umbrella Agreement require Castlepoint to repay the City for the initial funding for the podium construction along with interest. This repayment to be provided on the earlier of the date at which Castlepoint secures financing for the podium structure or Dec. 31, 2010. The City's loan would be repaid when Castlepoint repays the SC/City's initial funding of the podium construction.

The repayment of the City's expenditures on the podium structure will be secured through a \$12 million letter of credit provided by Castlepoint. Therefore, there is very little risk associated with the repayment of the proposed loan and the proposed amendments to the Umbrella Agreement will not result in any additional long-term funding requirement from the City.

| Table 1- Summary of Potential Transaction Paths for Sony Centre Redevelopment | | |

| Dec. 31, 2010 | | <ul style="list-style-type: none"> If Castlepoint has still not been able to secure financing for podium structure, Castlepoint must now repay the SC/City for its expenditures on the podium, together with interest – SC then uses these funds to repay City loan |

Summary

This report recommends amendments to the Umbrella Agreement reached between the City, the Board of Directors of the Sony Centre for the Performing Arts (“Board”) and Castlepoint Realty Partners Limited (“Castlepoint”) for the redevelopment of a corner of the Sony Centre (“SC”) site. These amendments have been proposed in order to realize the following objectives:

- An extension of the date by which the SC/City must notify Castlepoint whether the Citycentre cultural centre will be constructed as part of the redevelopment
 - An increase in the funding available for the SC to carry out its Business Plan
- In order to implement the proposed amendments, SC staff have proposed that the City provide the SC with a temporary loan of \$5 million. The proposed amendments to the Umbrella Agreement include extensive provisions for securing the repayment of this loan. Therefore, this loan will not result in any additional long-term funding requirement for the City.

Pandemic Influenza Planning – Report on Exercise HEALTH Guard 2007

(January 23, 2008) Report from the City Manager

Financial Impact

While this report does not have any direct financial impact, the recommendations resulting from the exercise being reported on may have financial implications related to pandemic stockpiling, which is the subject of a concurrent report to Executive Committee from Purchasing and Materials Management Division.

Summary

Within the framework of the City of Toronto Emergency Plan and the Toronto Emergency Management Program Committee established under Municipal Code 59, the City of Toronto is actively engaged in pandemic preparedness.

An integrated response for the City of Toronto to an influenza pandemic is being directed by a steering committee chaired by the City Manager. The Toronto Public Health Plan for an Influenza Pandemic, updating the original November 2005 plan, was tabled at the Board of Health in October 2007.

Exercise HEALTH Guard 07 was the major element within the Office of Emergency Management's 2007 overall comprehensive exercise plan. The exercise was devised as a component for the City's pandemic influenza planning process as assigned by the City Manager. This exercise followed an earlier exercise that took place on October 10, 2006.

Stockpiling Requirements for Pandemic Influenza Preparedness

(January 24, 2008) Report from the City Manager, the Medical Officer of Health and the Deputy City Manager and Chief Financial Officer

Recommendations

The City Manager, Medical Officer of Health and Deputy City Manager – Chief Financial Officer recommend that:

1. The antiviral medication Oseltamivir (Tamiflu) in the total amount of \$4,723,989.00 be purchased from Hoffman-La Roche Ltd.
2. Expenditures totalling \$606,100.00 be approved to set up a warehousing and distribution system for pandemic influenza supplies.
3. 2008 expenditures for warehousing and distribution of supplies and the purchase of antiviral medication Oseltamivir (Tamiflu) be funded from the City's Emergency Planning Reserve Fund.
4. The Deputy City Manager and Chief Financial Officer report to the Budget Committee in 2008 on funding options for the remaining stockpiling requirements for pandemic influenza preparedness as outlined in the financial impact statement.
5. City Council request the Provincial Minister of Health and Long-Term Care to explore with the suppliers of Oseltamivir (Tamiflu) and Zanamivir (Relenza), on behalf of all government or government funded bodies in Ontario that need to stockpile these products, ways to minimize financial loss in stockpiling of these antivirals in the event that the stockpiled supplies expire and can no longer be used before a pandemic occurs.
6. City Council forward this report to all single and regional tier municipalities in Ontario with a request that they support recommendation 5 as well as Provincial partnership funding of antiviral medication, personal protective equipment and infection control supplies.
7. The appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

Financial Impact

The following table summarizes the estimated City expenditures for the stockpiling

requirements for pandemic influenza preparedness.

| Stockpiling Requirements for Pandemic Influenza Preparedness Expenditures (\$ millions) | | | | | | |
|-----------------------------------------------------------------------------------------|--------------------------------------------------------------|----------------------|---------|---------------------------------------------|------------------------------------------|--------|
| Year | Personal Protective Equipment and Infection Control Supplies | Antiviral Medication | | Stockpiling 8 weeks of Operational Supplies | Warehousing and Distribution of Supplies | Total |
| | | Tamiflu | Relenza | | | |
| 2008 | | | | | 0.606 | 0.606 |
| 2009 | 13.745 | 4.724 | 0.601 | 7.507 | 0.267 | 26.844 |
| Total | 13.745 | 4.724 | 0.601 | 7.507 | 0.873 | 27.450 |
| Emergency Planning Reserve Fund | | | | | | 5.100 |
| Additional Funding Requirements | | | | | | 22.350 |

Of the total \$27.450 million required, this report recommends commitments to purchase Oseltamivir (Tamiflu) totalling \$4.724 million and expenditures to set up a warehouse and controls of distribution totalling \$0.606 million in 2008. The City's Emergency Planning Reserve Fund with a balance of \$5.1 million will fund 2008 expenditures. With the exception of ongoing cost of warehousing staff of \$0.136 million, all expenditures are one-time. However, as the shelf life of the antiviral medication is only 4.25 years, future expenditures may be required to maintain the stock.

The City Divisions and ABCs considered essential to service continuity were also requested to provide their requirements for operational supplies to be stockpiled in the event of a pandemic influenza. Essential operational supplies are required to last 8 weeks in the event of a Pandemic. The required inventory totalling \$7.507 million is beyond what City Divisions and ABCs normally stockpile for ongoing operations. Stockpiling for personal protective equipment (PPE) and infection control supplies estimated at \$13.745 million is also well beyond what would be considered normal stockpiling of these types of supplies at the City.

The Deputy City Manager and Chief Financial Officer will report to Budget Committee in 2008 on a funding source for the remaining requirements for PPE and infection control supplies, antiviral medication, stockpiling costs for 8 weeks of operational supplies and ongoing staffing cost for warehousing totalling \$22.350 million.

In regard to provincial partnership funding, the City submits that the unique circumstances surrounding the planning for an event such as pandemic influenza requires appropriate provincial funding of antiviral medication, PPE and infection control supplies. However, the stockpiling for operational supplies and warehousing should remain a municipal responsibility.

Summary

The purpose of this report is to advise City Council of the stockpiling requirements essential to help ensure the continuity of critical City operations in the event of a pandemic influenza and to seek Council approval to purchase the antiviral medication Oseltamivir (Tamiflu) and report further on a funding source for the remaining requirements.

Ratification of the Toronto-Ontario Agreement on Cooperation and Consultation

(January 22, 2008) Report from the City Manager

Recommendations

The City Manager recommends that Council:

1. ratify the Agreement on Cooperation and Consultation between the City of Toronto and the Province of Ontario dated January 15, 2008 which provides a framework for ongoing discussions and cooperation between the two governments about matters of mutual interest, as provided in the City of Toronto Act, 2006.
2. authorize and direct the appropriate City officials to take all necessary actions to give effect thereto.

Financial Impact

This agreement is a standalone agreement that is not tied to specific funding arrangements. There are no financial impacts associated with the recommendations in this report.

Summary

This report recommends Council's ratification of a Toronto-Ontario Cooperation and Consultation Agreement (the "Agreement") (Attachment A) that will strengthen the ongoing working relationship between the City and Ontario, as provided in the City of Toronto Act, 2006 (COTA).

Background Information

Ratification of the Toronto-Ontario Agreement on Cooperation and Consultation - Report

2007-2008 Recipients of City of Toronto Scholarships at the University of Toronto

(January 14, 2008) Report from the City Manager

Financial Impact

There are no financial implications to the City as the endowment funds were transferred in 1997 by the City to the University of Toronto to give these awards in perpetuity. The agreement between the City and University also provides for award increases that may arise from interest earned on the endowment funds.

Summary

This report advises Council of the results of the scholarship application process for City of Toronto scholarships at the University of Toronto. Toronto City Council established a series of scholarships at the University of Toronto starting in 1985 with the undergraduate scholarship in Women's Studies. Two aboriginal health scholarships were established in 1989. In 1997, the graduate scholarship for Women in Mathematics and the graduate scholarship for Women's Studies were established.

The University of Toronto has advised that the following students have been selected as recipients of the City of Toronto's scholarships:

Priscilla Lezard: Graduate scholarship in Women's Studies Raha Bahreini: Undergraduate scholarship in Women's Studies, Karene Chu: Graduate scholarship for Women in Mathematics, and Daniel Charland and Alexandra Smith: Aboriginal Health Scholarships.

The City of Toronto's participation in various scholarship programs continues to advance the importance of higher education to the urban environment, and in particular the City's continued leadership role in achieving equality in the community.

Toronto Water Capital Budget: 2007 Technical Adjustments

(January 23, 2008) Report from the General Manager, Toronto Water

Recommendations

The General Manager, Toronto Water recommends that:

1. Council approve the technical budget adjustments to Toronto Water's 2007 Approved Capital Budget detailed in Appendix 1, which reallocate funds between projects with no net impact on the 2007 Approved Capital Budget;
2. The Executive Committee forward this report to the Budget Committee for consideration at its meeting of February 11, 2008;
3. The Budget Committee forward this report to Council for consideration at its meeting of March 3/4, 2008; and
4. Council authorize and direct the appropriate staff to take the necessary action to give effect thereto.

Financial Impact

There are no direct financial impacts to Toronto Water's Approved 2008 Capital Budget of \$410.0 million.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

This report seeks Council's approval of technical budget adjustments which reallocate funds contained within Toronto Water's approved 2007 Capital Budget to meet contractual obligations on three approved capital projects.

Background Information

Reimbursement of Legal Expenses pursuant to Members' Code of Conduct

(December 19, 2007) Report from the City Solicitor addressed to the Labour Relations Committee

Recommendation

The City Solicitor recommends that City Council:

1. authorize indemnification of Councillor Augimeri's legal expenses in the amount of \$6,381.59 from the Councillor's Office Budget.

Financial Impact

Funds are available in the Councillor's Office Budget.

The Deputy City Manager and Chief Financial Officer has reviewed this report and concurs with the financial impact.

Summary

To report and recommend reimbursement of Councillor Augimeri's legal expenses with respect to a Code of Conduct complaint.

Governance Changes for Toronto Waterfront Revitalization

(January 22, 2008) Report from Deputy City Manager Richard Butts

Recommendations

It is recommended that:

1. Council authorize the City to provide the following consents, subject to the Provincial and Federal governments providing the same or substantially the same consents:

- a. Consent to Toronto Waterfront Revitalization Corporation (TWRC) to borrow money (which includes consent to provide letters or credit (LCs)), mortgage or otherwise encumber its assets in connection with that borrowing, and raise revenues, on and subject to terms and conditions that include:
 - i. borrowing and encumbering TWRC assets being for activities consistent with TWRC's objects, business and Long-Term Funding plans, and annual budget;
 - ii. borrowing being without recourse to the three orders of government (the Governments) unless, in case of City or Province, that Government agrees otherwise;
 - iii. no TWRC borrowing being secured by a pledge of City assets;
 - iv. each of the Governments having the right to audit TWRC;
 - v. TWRC using any revenues it raises for purposes consistent with its objects; and
 - vi. TWRC ensuring that the lender is required to give the Governments written notice of any default under the loan agreement.

- b. Consent to TWRC to establish one or more subsidiary corporations to operate a real estate business (RE Subs) in the Designated Waterfront Area, to earn revenue from that business, and to guarantee the indebtedness of the RE Subs, with the consent being subject to certain conditions that include:
 - i. The articles and by-laws of each RE Sub being in a form satisfactory to the Deputy City Manager whose responsibilities include Waterfront Revitalization (DCM – Waterfront) and the City Solicitor;
 - ii. TWRC using its revenues from the real estate businesses to further the objects of TWRC;
 - iii. The board of directors (the Board) of each RE Sub consisting of members nominated in consultation with TWRC management and members nominated from TWRC's Board, with the total number of directors and the split between those nominated in consultation with management and those nominated from the TWRC Board being proposed by TWRC and subject to approval of the DCM - Waterfront;
 - iv. The chairs of RE Subs being appointed by the Board of the RE Sub and each director serving a term that does not exceed three years;
 - v. Board meetings being conducted in public, except when discussing matters that City Council could discuss *in camera*;

- vi. Each RE Sub not acting as an agent of the Federal Government, or (unless it consents) the Province or City; and
 - vii. Each RE Sub not borrowing money or encumbering its assets without the consent of the Governments.
- c. Consent to each of the RE Sub(s) to raise revenue, borrow, and encumber its assets as security for that borrowing, subject to conditions that include the following:
- i. borrowing being for purposes consistent with the RE Sub's articles, and TWRC business plans, and annual budgets as they relate to the RE Sub;
 - ii. borrowing being without recourse to the Governments unless, in the case of City or Province, that Government agrees otherwise;
 - iii. borrowing not being secured by a pledge of City assets;
 - iv. the Governments having rights to audit each RE Sub;
 - v. revenues being used for purposes consistent with the RE Sub's articles;
 - vi. the lender being required to give the Governments written notice of any default under the loan agreement; and
 - vii. each RE Sub maintaining separate books, records and accounting processes for its operations, expenses and revenues, and reporting thereon to TWRC, which will include the results of each subsidiary's financial activities in its consolidated financial statements.
- d. Consent to TWRC to establish a subsidiary corporation (DE Sub) to develop and operate, with a third party, a district energy business serving all or part of West Don Lands, East Bayfront, the Port Lands, and 480 Lakeshore Blvd. East, and any other areas in the City consented to by the City.
- e. Consent to TWRC for the DE Sub to earn revenues from the district energy business and to guarantee the indebtedness of the DE Sub, with the consent being subject to the same conditions as those set out in Recommendation 1b for RE Sub(s), excluding those related to the Board of Directors.
- f. The Board of Directors of the DE Sub consist of three members nominated in consultation with TWRC management and six members nominated from TWRC's Board (two TWRC directors nominated by each of the City, Province, and Federal Government), with the chair being appointed by the DE Sub's Board and each director serving a term that does not exceed three years.

- g. The DE Sub not borrowing money, encumbering its assets, or acquiring any equity or similar ownership interest in any corporation, partnership or trust without the consent of the Governments.
 - h. Consent to the DE Sub to raise revenue, borrow, and encumber its assets as security for that borrowing being subject to the same conditions as are set out in Recommendation 1c (but applying to the DE Sub rather than to the RE Sub(s)).
2. Council authorize the City to amend future Contribution Agreements by:
 - a. either deleting the prohibition against TWRC acquiring or disposing of more than \$10,000 worth of assets in any given year, or increase the maximum to an amount that is satisfactory to the DCM - Waterfront; and
 - b. allowing TWRC to determine, subject to the satisfaction of the DCM - Waterfront, the indemnities that are required in the particular circumstances and projects.
 3. Council authorize the DCM - Waterfront or any person acting in that capacity to execute and deliver the documents and take the actions referred to above as well as to take any other actions that may be required to give effect to the foregoing.
 4. The appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

Financial Impact

There are no direct financial implications on the City resulting from approval of recommendations contained in this report. However, the proposed consents permitting TWRC to borrow money, mortgage or otherwise encumber its assets, raise revenues, and earn revenues from real estate and district energy subsidiaries will reduce its reliance on funding from the City and the other orders of government. In addition, the recommendations will ensure that the borrowing undertaken by TWRC or its subsidiaries has no recourse to the City and is not secured by a pledge of City assets, unless the City agrees otherwise.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

The Provincial legislation that governs the Toronto Waterfront Revitalization Corporation (TWRC), the Toronto Waterfront Revitalization Corporation Act, 2002, came into effect on April 1, 2003. It provides TWRC with no authority to borrow money, mortgage or otherwise encumber its assets, establish subsidiary corporations, or raise revenue unless it has the consent of the City, Province and Federal Government (the Governments) or is authorized to do so by Provincial regulation.

Now that TWRC has moved beyond the planning stages of the Initiative, obtaining individual

consents for these activities is time-consuming and has resulted in project delays. To expedite implementation, TWRC has requested that the Governments provide it with more comprehensive consents to:

1. borrow money (which includes consent to provide letters of credit (LCs)), mortgage or otherwise encumber its assets, and raise revenues;
2. create one or more subsidiaries to hold and revitalize parcels of real estate acquired for strategic and public purposes; and
3. create a subsidiary to establish and operate, with a third-party, a District Energy (DE) System servicing all or part of the West Don Lands, East Bayfront, the Port Lands, and 480 Lakeshore Blvd. East.

Representatives of the Governments have worked together with TWRC to determine the conditions that should be imposed in connection with the granting of these consents.

TWRC also has requested that the Governments amend the standard Contribution Agreements that they enter into with TWRC to delete the requirements that TWRC obtain specific indemnities (the Required Indemnities) from its eligible recipients (entities that carry out Waterfront Revitalization projects on behalf of TWRC) and contractors. The Required Indemnities, which are in favour of TWRC and the Governments, are very broad. TWRC has advised that requiring these indemnities is (i) discouraging potential participants from entering into contracts with TWRC or its eligible recipients, and (ii) causing participants who are willing to enter into contracts to substantially increase their contract prices, thereby driving up the costs of Waterfront Revitalization significantly. If the obligation to obtain the Required Indemnities is deleted, it will be up to TWRC to determine what indemnities are required in each situation, subject to the concurrence of the Deputy City Manager whose responsibilities include Waterfront Revitalization (DCM – Waterfront).

Similarly, the clauses in the standard Contribution Agreement requiring that TWRC not acquire or dispose of more than \$10,000 of assets in any year are also no longer practical. Flexibility is needed to adjust this amount to reflect what TWRC determines is appropriate in each situation, again subject to the concurrence of the DCM – Waterfront.

This report seeks conditional Council authority to grant various consents requested by TWRC, and to amend the Contribution Agreements entered into in the future to address the above two issues. Provincial and Federal staff are seeking the same authority from their respective Treasury Boards.

Access and Remediation Agreement to TEDCO Holdings in the Port Lands and East Bayfront for Waterfront Renewal Activities

(January 22, 2008) Report from Deputy City Manager Richard Butts

Recommendations

The Deputy City Manager whose responsibilities include Waterfront Revitalization recommends that Council:

1. authorize the City, as the sole shareholder of City of Toronto Economic Development Corporation (TEDCO), to make a unanimous shareholder declaration (the Shareholder Declaration) to the board of directors of TEDCO (the Board), and pursuant to that Shareholder Declaration, pass a resolution of the Board (the Resolution) authorizing TEDCO to enter into an access and remediation agreement with the Toronto Waterfront Revitalization Corporation (TWRC) in the form attached as Appendix A to this report, with any amendments being acceptable to the Deputy City Manager whose responsibilities include Waterfront Revitalization and the City Solicitor (the Access and Remediation Agreement);
2. authorize the City to provide an indemnity (the Indemnity) in favour of the directors and officers from time to time of TEDCO indemnifying and saving them harmless against any claims that arise out of TEDCO entering into the Access and Remediation Agreement and performing its obligations under that agreement;
3. authorize and direct any officer or director of TEDCO, or the Deputy City Manager and Chief Financial Officer and the City Clerk or any person acting in their capacity, for and in the name of TEDCO, to execute (whether under the corporate seal of TEDCO or otherwise) the Access and Remediation Agreement;
4. Authorize the Deputy City Manager and Chief Financial Officer and City Clerk or any person acting in their capacity to execute and deliver the Shareholder Declaration, the Shareholder Resolution and the Indemnity;
5. authorize the Deputy City Manager whose responsibilities include Waterfront Revitalization and the Deputy City Manager and Chief Financial Officer or any person acting in their capacity to execute any other documents or take any other action that may be required to give effect to the forgoing resolutions; and
6. authorize and direct the appropriate City officials to take the necessary action to give effect thereto.

Financial Impact

There is no financial impact to the City or TEDCO as a result of approving this report. The Access and Remediation Agreement, like the MOU, anticipates incremental access to TEDCO holdings (other than TEDCO project lands) in the Port Lands and to any holdings (other than TEDCO project lands) that TEDCO continues to own in East Bayfront so that TEDCO's use of these lands can continue until lands are required for waterfront revitalization.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact statement.

Summary

The purpose of this report is to seek Council approval of an Access and Remediation Agreement between the City of Toronto Economic Development Corporation (TEDCO) and the Toronto Waterfront Revitalization Corporation (TWRC). The Agreement provides TWRC and parties acting on its behalf with global access to TEDCO holdings in the Port Lands and East Bayfront for the purposes of site and archaeological investigation, site remediation, surveying and other related activities outlined in the Memorandum of Understanding (MOU) between the City of Toronto, TEDCO and the TWRC dated March 31, 2006. As it is expected that most of the lands owned by TEDCO in East Bayfront (excluding the First Waterfront Place lands and some smaller parcels) will be transferred to the City in the near future, the Access and Remediation Agreement will apply only to those smaller parcels that are not being conveyed to the City or that require site investigations prior to their transfer. This report also recommends that the City make a unanimous shareholder declaration to the board of directors of TEDCO, pass a resolution of the board to enter into the Access and Remediation Agreement, and provide a companion indemnity in favour of the directors and officers of TEDCO. TEDCO officials have requested these documents. City staff's position is that these documents are not required, but staff recognizes that providing these documents will provide comfort to the directors and officers of TEDCO. Site access is to be provided solely for projects identified in the Council-approved Five-Year Business Plan/10-Year Financial Forecast (2007-2016) for Toronto Waterfront Revitalization, updated annually. It is conditional upon the provision by TWRC and third parties acting on its behalf of appropriate insurance and indemnities protecting TEDCO and the City. Streamlining and simplifying the manner in which TWRC and its representatives obtain site access to TEDCO holdings in the Port Lands and East Bayfront will accelerate waterfront renewal by eliminating the need for individual, site-by-site access agreements.

Background Information

Access and Remediation Agreement to TEDCO Holdings in the Port Lands and East Bayfront for Waterfront Renewal Activities

|---------|--------|--|--|-----------|

Update on Green Roof Strategy

(January 23, 2008) Report from the Chief Planner and Executive Director, City Planning Division

Recommendations

The City Planning Division recommends that:

1. Council amend its policy respecting the installation of green roofs on City and ABC owned facilities by deleting the term ‘where feasible’ so that the policy now reads:
 - a. where technically practical, green roofs with a coverage of at least 50% of the building footprint be constructed on all new city-owned buildings, including Agencies, Boards and Commissions; and
 - b. where technically practical, green roofs be installed on existing City-owned buildings, including Agencies, Boards and Commissions, when roofs are due to be replaced.

Financial Impact

This recommendation will have no financial impact beyond what has already been approved in this year’s budget.

Summary

This report provides a summary of the progress of the initiatives to encourage green roofs as recommended by Council in February 2006 including: a pilot incentive program; installation of green roofs on City/ABC buildings; use of the development approval process to encourage green roofs; and promotion and awareness.

A pilot incentive program was initiated in 2006 and to date has resulted in the construction of 16 green roofs. The City and its ABC’s have installed 3 green roofs, with 9 more proposed for construction commencing in 2008/2009, and a further 10 under consideration. Through the development approval process, 14 green roofs were approved in 2007. A green roofs webpage has been established on City’s website and 60 city staff from different Divisions have attended a specialized training course. In 2007 the City of Toronto’s Green Roof Strategy was awarded the Federation of Canadian Municipalities FCM CH2Hill Sustainable Community Award. Approximately 40 green roofs have been constructed and/or planned since the Green Roof Strategy was approved.

When Council approved the green roofs strategy, it recommended that green roofs be installed on city-owned facilities and those of the City’s ABC’s “where feasible and practical” to address the fact that the approved budgets for proposed facilities may not be able to accommodate the

additional costs associated with green roofs. However, the term ‘where feasible’ may now be deleted since proposed new facilities contemplating a green roof can account for any additional costs at the time of budget approval. The term “where practical” should remain as there could be situations in both new construction and roof replacement where structural or other technical concerns would preclude the construction of a green roof. For clarification, the term should read ‘where technically practical’, so that it is not confused with monetary feasibility. It should be noted that green roofs are complementary to, and not in conflict with rooftop renewable energy systems.

Background Information

Update on Green Roof Strategy

Official Mark Protection for Live Green Toronto

(January 23, 2008) Report from Lawson Oates, Director, Toronto Environment Office

Recommendations

It is recommended that:

1. the word mark and visual identifier for “Live Green Toronto” be adopted and used as official marks of the City of Toronto, and the City Solicitor be directed to request the Registrar of Trade-marks to give public notice of their adoption and use; and
2. the appropriate City officials be authorized and directed to take the necessary action to give effect thereto and to take any action required to be taken thereunder.

Financial Impact

The cost to request the Registrar of the Trade-marks to give public notice of adoption and use of an official mark is \$500.00 per mark, for a total of \$1000.00 for the two marks. Funding in the amount of \$1,000 is available in the 2008 Toronto Environment Office Operating Budget (WT 100-03-4199).

Summary

This report recommends that, in order to better protect the interests of the City and its corporate identity, the City of Toronto obtain official mark protection under the federal Trade-marks Act for the “Live Green Toronto” word mark and visual identifier.
