Islington Avenue Boulevard Encroachment

Moved by: Councillor Giorgio Mammoliti

Background

For over the last 25 years, a number of businesses along Islington Avenue between Steeles Avenue West and Finch Avenue West have been encroaching on the City of Toronto Boulevards using them as part of their parking lots.

Over the last four months numerous City and Provincial departments have worked with my office in an attempted to clean up a number of problem properties along this avenue.

In order to continue the beatification of Islington Avenue, the City must recapture its boulevards.

Recommendation

That the appropriate City of Toronto staff be directed to recapture the City of Toronto Boulevards along the portion of Islington Avenue between Steeles Avenue West and Finch Avenue West by December 31, 2008 and report back to January meeting of Community Council on the process.
