(June 19, 2008) Report from Brenda Librecz, General Manager, Parks, Forestry and Recreation

Committee Recommendations

The Government Management Committee recommends that:

1. The staff report dated April 1, 2008 from the General Manager of Parks, Forestry and Recreation be received.
2. *A Request for Proposal for four license agreements, one for each of Etobicoke York District, North York District, Scarborough District and Toronto East York District, for Snack and Hot Drink Vending be released for a two year term commencing November 1, 2008 to October 31, 2010 with an option to renew for a two year period.*
3. *There be a requirement for 20% healthy snack vending to be included in the evaluation process for awarding the RFP for Snack and Hot Drink Vending.*
4. *Vendors may bid on more than one district.*
5. A performance bond of 50% of the estimated annual rent will be required from successful proponents.
6. The RFP include provisions for Vendors to provide culturally diverse products.
7. The City Solicitor be authorized to commence legal proceedings against Mr. Vending, to appeal any orders, and settle the claim, if in the City Solicitor's view, it is in the City's interest to do so.

Financial Impact

The 2008 revenue target from the Mr. Vending Inc. license agreement was \$185,000. To date, no revenue has been received this year from this agreement. Once new license agreements are in place, it will be possible to forecast revenue from Snack and Hot Drink Vending for the balance of 2008 and the 2009 year.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

On April 28 and 29, 2008 City Council referred back to the Government Management Committee Item GM 13.8, titled "Termination of Mr. Vending Inc. Agreement" as well as additional motions placed by City Council, for further consideration.

This supplementary report highlights City Council's motions of April 28 and 29, 2008 and provides options for healthy vending relating to the terms of the Request for Proposal (RFP) for Snack and Hot Drink Vending.

2a Government Management Committee Item GM13.8 - Termination of Mr. Vending Inc. License Agreement (Ward: All)

(May 2, 2008) Letter from City Clerk

Financial Impact

The License Agreement with Mr. Vending required guaranteed payments of \$185,000 per year. In addition to this annual payment, an exclusive rights fee in the amount of \$20,000 was to be paid within sixty days of the execution of the agreement. The exclusive rights payment of \$20,000 was made on October 13, 2006 and the first payment towards the 2006 year was made on February 5, 2007 in the amount of \$90,000. Further payment in the amount of \$11,250 was made on September 27, 2007. This was the final payment received from Mr. Vending.

As of the termination date of March 10, 2008, Mr. Vending owed approximately \$293,000 as per the terms of the agreement; \$42,000 from 2006, \$185,000 from 2007 and \$66,000 from 2008.

Due to the termination of this agreement, no revenue will be realized in 2008 until a new agreement is in place. For the balance of 2008, \$119,000 would have been anticipated under the terminated contract, but until a new contract is in place, future revenue cannot be estimated.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agree with the financial impact information.

Summary

The purpose of this report is to advise the Government Management Committee with respect to the termination of the License Agreement with Mr. Vending Inc. as of March 10, 2008. This License Agreement is for Request for Proposal (RFP) No. 0613-05-0166 for the operation of Snack and Hot Drink Vending within Parks, Forestry and Recreation facility locations in all Districts. This agreement commenced on November 1, 2005 for a term of five years plus a three year option.

It is recommended that a new RFP be issued for the operation of Snack and Hot Drink Vending within Parks, Forestry and Recreation facility locations for the period commencing October 1, 2008 to September 30, 2013 with a three year renewal option for the period October 1, 2013 to September 30, 2016.

This report highlights proposed changes from the previous RFP relating to healthy snacks.

 - iv. a member of the Board of Trustees in attendance at any meeting thereof having an interest with respect to any matter to be considered thereat conflicting with his or her duties and powers as a Trustee be required to make advance disclosure thereof, refrain from participating in the deliberation/voting with respect to that matter, refrain from attempting to influence such voting and withdraw from the meeting venue during consideration of the matter;

76 Wychwood Avenue - Designation of the Premises used for Wychwood Green Arts Barn Project as a Municipal Capital Facility

(June 24, 2008) Report from Treasurer

Committee Recommendations

The Government Management recommends that:

1. Council pass a by-law pursuant to section 252 of the City of Toronto Act, 2006, providing authority to:
 - a. enter into a municipal capital facility agreement with Artscape, with whom the City has an agreement to develop the Green Arts Barn Project on portions of the leased premises (14,518 square feet) at 76 Wychwood Avenue, to be used for the Covered Street Barn and Community Gallery (8,566 sq. ft.) and the area used as public washrooms, entryways and utility rooms (5,952 sq. ft.); and
 - b. exempt the above mentioned portions of the leased lands from property taxation for municipal and school purposes, which tax exemption is to be effective from the latest of the following dates: the commencement date of the lease between Artscape and the City, the date the municipal capital facility agreement is signed; or the date the tax exemption by-law is enacted.
2. The City Clerk be directed to give written notice of the by-law to the Minister of Education, the Municipal Property Assessment Corporation, the Toronto District School Board, the Toronto Catholic District School Board, the Conseil Scolaire de District du Centre-Sud-Ouest, and the Conseil Scolaire de District du Catholique Centre-Sud.
3. Council pass a resolution that the above municipal capital facility is for the purposes of the municipality and is for public use.
4. Authority be granted for the introduction of the necessary bills to give effect thereto.

5. The appropriate City Officials be authorized and directed to take the necessary action to give effect thereto.

Financial Impact

The property located at 76 Wychwood Avenue which was used as TTC repair barns is currently exempt from paying property taxes as it is owned by the City. However, the land is being leased to Artscape to be redeveloped as the Wychwood Green Arts Barn project. Of the leased premises, a total of 14,518 square feet is eligible to be designated as a municipal capital facility and to receive an exemption from property taxes for both the city and education portions of tax. Since the premises will be leased by Artscape, which is a taxable tenant, the premises would be subject to taxation if the property tax exemption is not granted. The potential annual taxes on the above mentioned premises have been estimated at approximately \$22,194, of which \$11,579 is the City portion, and \$10,615 is the education component. The estimate is based on 2008 commercial tax rates and the estimated current value assessment on an area of 14,518 square feet of the property for 2008, which is \$539,277.

Given that the property is not currently taxable, there are no immediate savings or costs from providing a property tax exemption. If the exemption is not put in place, and the property becomes taxable in the future, the property taxes (including the education taxes) would be payable by the lessee/operator, with no direct cost implications to the City, but which would result in taxation revenue (municipal portion) of approximately \$11,600 annually.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

This report seeks Council authority to adopt the necessary by-laws to designate certain portions (14,518 square feet) of the leased premises at 76 Wychwood Avenue that are being re-developed as Green Arts Barn by Toronto Artscape Foundation and Toronto Artscape Inc. (“Artscape”) as a municipal capital facility and to provide a property tax exemption for municipal and education purposes.

York University Busway – Canadian National Railway Crossing Agreements

(June 23, 2008) Report from Chief Corporate Officer

Committee Recommendations

The Government Management Committee recommends that:

1. City Council grant authority to enter into a standard crossing construction agreement with CN and the TTC, at a cost of \$2,030,000.00, plus GST, substantially on terms outlined in Appendix “A” and that each the Chief Corporate Officer and the Director of Real Estate be authorized severally to enter into the agreements.
2. City Council grant authority to enter into a standard crossing warning system agreement with CN and TTC, at a cost of \$386,000.00, plus GST, substantially on terms outlined in Appendix “A” and that each the Chief Corporate Officer and the Director of Real Estate be authorized severally to enter into the agreements.
3. The Chief Corporate Officer be authorized to administer and manage the crossing construction and warning system agreements including the provision of any consents, approvals, notices and notices of termination provided that the Chief Corporate Officer may, at any time, refer consideration of such matters (including their content) to City Council for its determination and direction.

4. The City Solicitor be authorized to complete the transactions in the agreements on behalf of the City, including paying the necessary expenses and amending the commencement and other dates, and amending and waiving terms and conditions, on such terms, as she considers reasonable.
5. The appropriate City Officials be authorized and directed to take the necessary action to give effect thereto.

Financial Impact

Commencing in 2009, the annual cost for the maintenance of the CN rail crossing and warning system will be approximately \$7,200.00. These costs will be addressed within the TTC capital project while under construction and upon the opening of the line for revenue service. The TTC will include this cost in its future year Operating Budgets. Upon the opening of the Toronto York Spadina Subway Extension, decisions will be made upon the future utilization of this roadway and the costs will be addressed in future budgets as appropriate.

The capital cost to the TTC for CN to complete the rail and signal work is \$2,416,000.00. Funding is included in Program 3.3 Yards and Roads under Bus Rapid transit (BRT) – Spadina Subway to York University/Steeles Avenues as identified on pages 665 to 671 – category expansion of the TTC 2008-2012 Capital Program as approved by City Council on December 11, 2007 (Account CTT015).

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

The joint City/TTC York University Busway Project (the “Project”) consists of constructing a dedicated roadway for bus transit service (the “Busway”) between Downsview Station and York University. The longest continuous section of the Busway is a portion of the Hydro corridor, north of Finch Avenue between Keele and Dufferin Streets. In September 2007 City Council granted authority to enter into a permanent easement and a temporary construction licence with Ontario Realty Corporation (ORC) for the use of a portion of the Finch Hydro corridor for Busway purposes.

A Canadian National Railway (“CN”) rail corridor, known as the Newmarket Subdivision, bisects the Hydro corridor. In order for the Busway to pass over the tracks, CN must retire an existing north rail access into the Esso’s Finch Facility and construct a run-around track and a new south rail access into this facility. CN must also install a crossing warning system at the track and Busway intersection. TTC’s contractor will construct the Busway road surface upon CN lands at the crossing.

Negotiations with CN have resulted in CN agreeing to undertake the required rail and warning system work and the City and TTC agreeing to fund the project costs of the CN construction and annual maintenance during construction with on-going maintenance to be addressed in the Operating Budget, subject to City Council approval to enter into the proposed CN standard crossing construction and warning system agreements.

Settlement of Temporary Construction Easements at 4600 Dufferin Street for the York University Busway

Confidential Attachment - 1 - A proposed or pending acquisition or sale of land for municipal or local board purposes

(June 23, 2008) Report from Chief Corporate Officer

Committee Recommendations

The Government Management Committee recommends that:

1. Each of the Chief Corporate Officer and the Director of Real Estate Services be authorized severally on behalf of the City, to enter into a settlement agreement with the owner(s) of the Veritas Property for purposes related to constructing a new driveway thereon at a mutually acceptable location, at a cost limit not to exceed the amount set out in confidential Appendix 1, on such terms and conditions as they or their designates may approve, and in a form and content satisfactory to the City Solicitor.
2. City Council authorize the public release of the confidential information in Attachment 1, upon completion of all terms and conditions of the settlement agreement.
3. The City Solicitor be authorized to complete the transactions in the settlement agreement on behalf of the City, including paying any necessary expenses, amending the closing, due diligence and other dates, and amending and waiving terms and condition, on such terms as she considers reasonable.
4. The appropriate City Officials be authorized and directed to take the necessary action to give effect thereto.

Financial Impact

Funding of the proposed settlement is available in Program 3.3 Yards and Roads under Bus Rapid Transit (BRT) – Spadina Subway to York University/Steeles Avenues as identified on pages 665 to 671 – category expansion of the TTC 2008-2012 Capital Program as approved by City Council on December 11, 2007 (Account CTT015).

The cost limit set out in Attachment 1 comprises costs quoted by TTC's general contractor for the Busway project and includes the cost to open and construct a new driveway on Part 2 of the Veritas Property, plus an amount as compensation for the temporary easements to be acquired by expropriation, less an amount attributed to penalty charged by the contractor for removing the driveway construction from the overall construction contract.

The proposed settlement is cost-neutral to the TTC Busway project budget.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

This report seeks authority from Council to allow the City to enter into and perform a settlement agreement with a private property owner, Veritas 4590 Dufferin Street Corp. ("Veritas"), as an alternative to further proceeding with an expropriation now underway.

Veritas owns two adjoining properties on the west side of Dufferin Street, north of Finch Avenue known respectively as 4600 and 4590 Dufferin Street (the "Veritas Property"). The Veritas Property adjoins the Hydro One Networks Inc. corridor upon which a major stretch of the joint City/TTC York University Busway (the "Busway") is to be located.

Transportation Services has determined that the existing driveway into the Veritas Property is too close to the intersection on Dufferin Street where transit vehicles will be turning for access to and from the Busway. Consequently, in order to establish the required separation, the City has commenced expropriation proceedings to close the existing Veritas driveway (Part 1 on the attached site map) and build a new driveway farther to the south on the Veritas Property (at Part 2).

Veritas wishes to enter into an agreement that would satisfy all the purposes of the ongoing expropriation except that the new driveway would be constructed at a different but mutually advantageous location.

Settlement of Litigation – Bonnydon Limited v. City of Toronto, Court File No. 06-CV-312155PD3

Confidential Attachment - 1 - The security of the property of the municipality or local board

(June 25, 2008) Report from City Solicitor

Committee Recommendations

The Government Management Committee recommends that:

1. City Council adopt the confidential instructions to staff in Attachment 1.
2. City Council authorize the release of the confidential recommendations, excluding Appendix A (Minutes of Settlement) in Attachment 1 once the settlement and appropriate documentation are finalized to the satisfaction of the City Solicitor. Appendix A will remain confidential in its entirety.

Financial Impact

The financial implications resulting from the adoption of this report are set out in Attachment 1.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Summary

On May 20, 2006, an action was commenced by Bonnydon Limited (“Bonnydon”) against the City of Toronto. In the action, Bonnydon is seeking a declaration that a particular provision contained in the Core Servicing Agreement between the City and 554056 Ontario Limited, Mattamy (Neilson) Limited, Mattamy (Staines) Limited, Neilson-Finch Residential Developments Inc. and Trans-Gate Inc. (collectively, “MHLG”), dated February 22, 2002 (the “Core Servicing Agreement”) is void and that the provisions of an agreement of purchase and sale between the City and MHLG, dated July 8, 2004 (the “MHLG Purchase Agreement”), is similarly void.

Bonnydon also alleges that the realignment of Neilson Road has resulted in the encroachment of Neilson Road upon Bonnydon’s lands. Bonnydon is, accordingly, seeking damages for trespass.

Counsel for the City have been involved in discussions and negotiations with counsel for Bonnydon and counsel for MHLG and have reached agreement on a recommended resolution to the matters raised in the litigation, as set out in the confidential attachment.
