SUMMARY

Toronto Homes for the Aged develops long term goals and annual operating objectives that are consistent with the strategic direction and vision of the Division and the mission and values of the City. In addition to the division-wide annual operating objectives, each home and the community services program establishes annual operating objectives to assist and guide the achievement of these goals. Each objective is monitored throughout the year, and a final report is prepared at year end. This report provides copies of the 2007 achievement reports for each of the ten homes and community programs.

COMMENTS

In spite of substantive challenges faced by staff as a result of increasing acuity, cost constraints, revision of standards, policies and processes from both MOHLTC and MoL, each home has achieved the majority of the desired outcomes.

The continued advancement of the division in the area of resident care, the expansion of specialty services, the expanded community partnerships, and the homes' desire to meet the expectations of clients and families are all noteworthy. The 2007 achievement report demonstrates the Homes for the Aged staff's continued commitment to provide quality care and services to residents and clients.
