## **FINANCIAL IMPACT**

All costs associated with the stopping amendments on Bayview Avenue are included within the Transportation Services Division's 2008 Operating Budget.

## **ISSUE BACKGROUND**

At its meeting on February 12, 2008, North York Community Council, in dealing with Item NY13.10 headed, "Stopping Prohibitions – Bayview Avenue", authorized the Director, Transportation Services, North York District, to consult with abutting community groups and Councillor Jenkins and Councillor Parker, on a proposal to extend the stopping prohibitions along Bayview Avenue, from Highway 401 to Glenvale Boulevard on the east side and Broadway Avenue on the west side.

## **COMMENTS**

On April 14, 2008, Transportation Services staff met with Councillor Jenkins and some community representatives to discuss the potential extension of the existing stopping prohibitions on Bayview Avenue.

Currently, stopping is prohibited on weekdays, from 7:00 a.m. to 9:00 a.m. on the west side of Bayview Avenue, from Highway 401 to Broadway Avenue. On the east side of Bayview Avenue, between Highway 401 and Glenvale Boulevard, stopping is prohibited on weekdays, from 4:00 p.m. to 6:00 p.m.. These prohibitions were put in place to maximize roadway capacity in the peak directions during peak volume periods and to address the potentially dangerous situation that would result from motorists stopping on Bayview Avenue during these periods. Given that traffic volume has increased outside of the hours which the existing stopping prohibitions apply, it was agreed that the duration of the stopping prohibitions should be extended in order to maintain the roadway capacity.

North York Community Council does not have delegated authority regarding this matter due to the presence of a Toronto Transit Commission bus service on Bayview Avenue.

Councillor John Parker and Councillor Cliff Jenkins have indicated their support for the recommended changes contained within this report.
