## Summary

This staff report is about a matter that the Community Council has delegated authority to make a final decision, provided that it is not amended so that it varies with City policy or by-laws.

The purpose of this report is to consider a request by the owner(s) of 15 Feldbar Court, to be exempted from Chapter 447 – Fences, section 447-2(B). This section states that the maximum height of a fence in the front yard not within 2.4 metres of the front lot line can be 1.2 metres. Within 2.4 metres of the front lot line the maximum height can be 1.2 metres provided it is open mesh chain link or an equivalent that does not restrict sight lines otherwise the maximum height of the fence can be 1 metre. This section further states that the maximum height for any other fence is 2 metres.

The existing solid wood fence in the front yard extends out from the northeast corner of the house along the east side of the driveway for a distance of approximately 9.1 metres. It ranges in height from approximately 1.6 to 2.0 metres. The maximum height for this type of fence in this location can be 1.2 metres except within 2.4 metres of the property line where it can be 1 metre. Note that the fence continues past the property line onto City property and that issue is the subject of a separate encroachment report.

## Identifying Land to Purchase for a new Multi-pad Ice Arena in Wards 25, 26, or 34

(April 18, 2008) Report from General Manager, Parks, Forestry and Recreation

### Summary

This report provides a status update on the search for a suitable site to locate a new twin pad ice arena within Ward 25, 26 and 34. This report explains the process that this site selection study will take, and criteria that will be used to determine the priority of potential acquisition sites as well as a preliminary list of candidate sites.

Currently, there is a single-pad ice arena located at the Don Mills Centre at 1030 Don Mills Road, being the Don Mills Civitan Arena. The Arena was constructed approximately 47 years ago and was last renovated approximately 24 years ago. The Arena is well used but faces problems as a result of the age of the building, the related maintenance, and a severe parking shortage.

Due to the age, deteriorating condition and lack of parking of the Civitan Arena, it was recommended that staff prioritize the task of locating and securing a site in the vicinity of the Don Mills Civitan Arena for the purpose of developing a new multi-pad ice arena, to include at least two ice pads.

Parks, Forestry and Recreation (PFR) had previously initiated a preliminary site evaluation for a smaller project area that was subsequently expanded by Council direction. Parks, Forestry and Recreation (PFR) needs to continue the search for a location to accommodate a new twin pad ice arena to replace the Don Mills Civitan Arena.

### **Financial Impact**

The recommendations in this report have no financial impact.

### **Summary**

This application proposes to permit commercial, office and service uses at grade and six residential units above in the existing two-storey building at 601, 603 and 605 Oakwood Avenue. This application was made on September 28, 2007 and is subject to the new provisions of the Planning Act and the City of Toronto Act, 2006.

This report reviews and recommends approval of the application to amend the Zoning By-law. The proposal is consistent with the Provincial Policy Statement and Provincial Plans, as well as the Growth Plan for the Greater Golden Horseshoe. The proposed development is in keeping with the policies of the Official Plan.

The existing building has contained commercial uses at grade with residential units above since the building was constructed in the 1950s. The proposed range of commercial-retail uses are compatible with the surrounding neighbourhood as well as being pedestrian oriented and supportive of the needs of the adjacent residential neighbourhood. The existing building is suitable for commercial uses as the building fronts directly on Oakwood Avenue with parking provided at the rear of the site.

## Re-polling for Front Yard Parking at 798 Millwood Road

(June 10, 2008) Member Motion from Councillor Parker

### Recommendations

1. That the provisions of Section 14. B. of Chapter 918 of the Toronto Municipal Code be set aside.
2. That the poll in connection with the application for Front Yard Parking at No. 798 Millwood Road be re-conducted.

### Summary

In connection with an application for Front Yard Parking at No. 798 Millwood Road, a poll was conducted on September 6, 2007 by the City Clerk. The results of this poll were negative, and according to Chapter 918, Section 14. B. 7) there is now a three year moratorium relating to the polling of Front Yard Parking on Millwood Road.

Due to some confusion regarding the notification and polling process, the proponent feels they were not afforded the opportunity to properly advise their neighbours as to the reason for the poll, nor its importance to them, in advance of their receipt of it. As a result of this confusion, and after having spoken to their neighbours regarding their apparent misunderstanding of the substance or and reason for the poll, the proponent feels that the results of the poll does not accurately reflect the sentiment of their community. Staff from the ward Councillor's office accompanied the proponent in surveying the area residents, and support this position.

### Committee Recommendations

On motion by Councillor Parker, North York Community Council recommended that:

1. City Council set aside the provisions of Section 14.B. of Chapter 918 of the Toronto Municipal Code.
2. City Council direct that the poll, in connection with the application for Front Yard Parking at 798 Millwood Road, be re-conducted.

### **Summary**

In 2004, the City of Toronto decided not to renew its membership to the Association of Municipalities of Ontario (AMO).

AMO is a non-profit organization representing almost all of Ontario's 445 municipal governments and provides a variety of services and products to members and non-members. The mandate of the organization is to support and enhance strong and effective municipal government in Ontario. It promotes the value of the municipal level of government as a vital and essential component of Ontario and Canada's political system.

Over the last several years, AMO has been working on several initiatives that are important to the residents who live and work in the area bounded by the North York Community Council (NYCC). Some of these initiatives include: the Provincial-Municipal Gap campaign; an opportunity to provide input into the Provincial Poverty Reduction Strategy and municipal infrastructure funding.

The NYCC represents a population of over 600,000 residents and a significant business community. The NYCC can join AMO as an Associate Member. Associate Members are those whose purpose and interests are complementary to that of AMO.

## Membership Benefits

- Immediate access to AMO Alerts, Media Releases, and FYIs. These AMO member communications give you an insider's look and advance notice on emerging municipal issues and developing provincial government policies and directions.
- Discounted subscription to Municom, a municipal intranet designed by AMO for Ontario's municipalities. Municom provides users with one-stop shopping for current and archived information about issues affecting municipalities, province-wide.
