The Roundhouse complex occupies the block immediately south of the CN Tower, bounded by Bremner Boulevard on the north, and Lakeshore Boulevard and the Gardiner Expressway to the south (see Attachment No. 1).

The purpose of this report is to identify and approve alterations that allow for the Retail Tenant building fit-out (Bays 18-32) that supports the adaptive re-use for retail purposes. This work includes alterations to interior spaces, the placement of signage on the Coal and Sanding tower and a steel canopy with a Leon's sign at the business entrance.

(March 13, 2008) Report from Director, Policy and Research, City Planning Division

### Recommendations

The City Planning Division recommends that the alterations to the heritage building at 262 Bloor Street West be approved in accordance with the Heritage Impact Statement prepared by ERA Architects Inc (February 2008), received by City Planning Division March 3, 2008, on file with the Manager Heritage Preservation Services, subject to the owner:

1. Prior to the issuance of a building permit for the described work at 262 Bloor Street West, including a permit for the demolition of any exterior features:
  - a. providing final architectural drawings and material samples satisfactory to the Manager of Heritage Preservation Services;
  - b. entering into a Heritage Easement Agreement with the City.
2. Implementing the Heritage Interpretation Plan and mitigation strategy as outlined in the February 2008 Heritage Impact Statement.

### Financial Impact

There are no financial implications resulting from the adoption of this report.

### Summary

The property at 262 Bloor Street West (see Attachment 1) is included in the City of Toronto's heritage inventory and designated under Part IV of the Ontario Heritage Act for architectural

and historical reasons by By-law 129-89.

This report recommends that City Council approve alterations to the designated property at 262 Bloor Street West and that City Council grant authority for the City to enter into a Heritage Easement Agreement with the owner (The University of Toronto).

The repurposing of this building (from a multi-purpose medical building to a humanities institute) will ensure its future usability and maintenance. The proposed alterations do not compromise the significant heritage values of the property and are based on standard conservation practice, recognizing the heritage character of the resource and addressing issues of minimal impact and reversibility. All heritage work will be completed in accordance with the Parks Canada Standards and Guidelines for the Conservation of Historic Places.

A Heritage Easement Agreement will protect the significant heritage values of the building and will guide its stewardship in future uses. The proposed heritage interpretation plan will ensure that the medical history of the building is appropriately commemorated.
