SUMMARY

This staff report is about a matter for which the Community Council has delegated authority from City Council to make a final decision.

This report on the All-Way Stop Control at Glaive Drive and Wye Valley Road details the minor on-street regulation changes required to make the existing All-Way Stop Control enforceable by updating the street name used in the regulations.

Community Council's approval of the parking regulation amendment will allow enforcement by the Toronto Police Services.

RECOMMENDATIONS

1. Rescind the "Compulsory Stops" regulation, as identified in Appendix 1 of this report,
2. Adopt the "Compulsory Stops" regulation, as identified in Appendix 2 of this report, and
3. Amend the appropriate by-laws accordingly.

Financial Impact

There is no financial impact associated with this report.

ISSUE BACKGROUND

There is currently an All Way Stop Control in place at the intersection of Glaive Drive and Wye Valley Road through a “Compulsory Stops” regulation that was enacted by the former City of Scarborough in 1985. For unknown reasons, the original regulation refers to “Glaive Road” rather than “Glaive Drive”, which could affect the enforceability of this Control.

COMMENTS

The regulations will be amended to delete the references to “Glaive Road” and replace these with “Glaive Drive”, which is the current legal designation of this street.

In summary, the amended “Compulsory Stops” regulations will allow the All-Way Stop Control at Glaive Drive and Wye Valley Road to be enforceable.
