Economic Development Strategies to Retain and Attract Investment to the Scarborough District (Deferred from November 27, 2007, for public presentation and debate.)

(November 13, 2007) Report from Director, Business Development and Retention, Economic Development, Culture & Tourism Division

Decision Advice and Other Information

Scarborough Community Council received the report (November 13, 2007) from the Director, Business Development and Retention, Economic Development, Culture and Tourism Division.

Financial Impact

There is no financial impact of this report.

Summary

Economic Development Culture and Tourism (EDCT) has been asked to report back on the various investment attraction strategies being currently employed as they relate to the Scarborough District. These strategies can best be described in the following manner.

EDCT is actively promoting and marketing the Scarborough advantage as a leading area for ICI investment. Much of the recent investment which has taken place in Toronto has occurred in Scarborough. It is EDCT's intention to market this good news story and seek to attract more investment.

Secondly staff are focusing on stimulating local growth through expansion of local firms. This will be accomplished by core staff activities such as corporate care, increasing the attractiveness of Toronto's business climate, introducing business-friendly initiatives such as the concierge service.

Finally Economic development staff will be identifying next generation growth opportunities through in depth corporate interviews. The objective of these interviews will be to identify key business lines, with good growth potential, global mandates and supply chain linkages. This then arms our promotion activities to specifically target potential firms who would benefit from a Scarborough location.

Request for Fence Exemption for 839 Brimorton Drive

(December 3, 2007) Report from Manager, Municipal Licensing and Standards, Scarborough District

Committee Decision

Scarborough Community Council:

1. *Received the report (December 2, 2007) from the Manager, Municipal Licensing and Standards.*
2. *Approved the exemption from Chapter 447-Fences, Section (2) of the Toronto Municipal Code to permit the proposed approximately 1.82 metres high board on board wood fence at 839 Brimorton Drive, on the condition that the fence be moved back to the private property line and installed to the satisfaction of the Manager, Municipal Licensing and Standards, Scarborough District.*

Decision Advice and Other Information

Scarborough Community Council received the communication (January 11, 2008) from Shirley

Clarke.

Financial Impact

There are no financial implications.

Summary

This staff report is about a matter for which the Community Council has delegated authority from City Council to make a final decision.

The purpose of this report is to consider a request by the owner(s) of 839 Brimorton Drive to be exempted from Chapter 447-Fences section (2) of the Toronto Municipal Code.

This section states:

- a. that the maximum height of the fence in the front yard within 2.4 metres of the front lot line not exceed 1 metre;
- b. a fence in the front yard not within 2.4 metres of the front lot line not exceed 1.2metres;
- c. a fence in the flankage yard within 2.4 metres of a side lot line and 2.4 metres of any driveway not exceed 800 millimetres; and
- d. that the fence is located on private property.

Request for Approval of Variances from former City of Scarborough Sign By-law 22980, as amended, for Two Facial Signs at 1900 Eglinton Avenue East

(December 13, 2007) Report from Director, Toronto Building, Scarborough District

Committee Decision

Scarborough Community Council:

1. Approved the requested variance for sign projection above the roof for the sign located on the east elevation of the building.
2. Refused the requested variance for sign projection above the roof for the sign located on the west elevation of the building.
3. Approved the requested variance for sign projection above the roof for the sign located on the west elevation of the building on the condition that the projection is limited to 1.8 m (5'-11") above the roof deck.

Decision Advice and Other Information

Scarborough Community Council received the communication (January 9, 2008) from Ryan Windle, MHBC Planning.

Financial Impact

There are no financial implications resulting from the adoption of this report.

Summary

This staff report is about a matter for which Scarborough Community Council has delegated authority to make a final decision.

To review and make recommendations on a request by Christine Leu on behalf of the Bank of Montreal, for approval of variances from the former City of Scarborough Sign By-law 22980, as amended, to permit two facial signs at the above noted location.

Two facial signs are being proposed where their projection above the roof is not in compliance with the requirements of the By-law. This report deals with the required variance to allow the erection of these two signs.

Staff considers the sign projection above the roof located on the east elevation of the building to be minor and recommends approval of the variance. For the sign located on the west elevation of the building, staff does not consider it to be minor and recommends refusal of the variance. However, staff recommends the variance to be accepted if the roof projection is limited to 1.8 m (5'-11"), similar to the requested variance for the sign on the east elevation of the building.

Request for Approval of Variances from the Former City of Scarborough Sign By-law No. 22980, as amended, for One Ground Sign at 665 Markham Road

(December 10, 2007) Report from Director, Toronto Building, Scarborough District

Decision Advice and Other Information

Scarborough Community Council deferred consideration of this matter until its meeting of February 12, 2008.

Financial Impact

There are no financial implications resulting from this report.

Summary

This staff report is about a matter for which Scarborough Community Council has delegated authority to make a final decision.

To review and make recommendations on a request by Heinz Mertins, of Mertins Architect, on behalf La Prima Investments, for approval of variances from the former City of Scarborough Sign By-law No. 22980, as amended, to permit the installation of one ground sign.

The total number of ground signs per street frontage, the area and the height of the proposed ground sign are not in compliance with the requirements of the by-law and this report deals with the required variances to allow the installation of the proposed ground sign.

The requested sign variance, in staff's opinion, is not minor in nature. Staff recommends the requested variances be refused.

13a Request for approval of variances from the former City of Scarborough Sign By-law No. 22980, as amended, for Wall Signs at 255 Morningside Avenue and 271 Port Union Road – Supplementary Report

(November 30, 2007) Report from Director, Toronto Building, Scarborough District

Financial Impact

There are no financial implications resulting from this report.

Summary

To review and make recommendations on requests by John (David) Adam, of Zip Signs Ltd. for approval of variances from the former City of Scarborough Sign By-law No. 22980, as amended, to permit two facial wall signs at 255 Morningside Avenue and four facial wall signs at 271 Port Union Road. Both buildings are TD Canada Trust banks.

The variances for the signs are covered in the November 8th, 2007 reports from the Director of Building, submitted to the November 27th, 2007 meeting of Scarborough Community Council for consideration. In those reports, staff recommended approval of the requested variances for the facial signs.

Scarborough Community Council deferred consideration of those reports until its meeting of January 15th, 2008 and requested the Director of Building and Deputy Chief Building Official to report to the Scarborough Community Council meeting of January 15th, 2008, on the TD Canada Trust “Tower” Sign Structures.

This report deals with that request.

Proposed Minor Street Stop Signs – Pilkington Drive and Other Streets

(December 18, 2007) Report from Director, Transportation Services, Scarborough District

Committee Decision

Scarborough Community Council:

1. Adopted the “Compulsory Stops” and the “Heavy Truck Prohibition” regulations, as identified in Appendix 1 and 2 of this report.
2. Directed that the appropriate by-laws be amended accordingly.

Financial Impact

The financial cost of installing the respective traffic signs is approximately \$4,000.00. The funding for the signage on the subject roadway was secured from the Developer.

Summary

This staff report is about a matter for which the Community Council has delegated authority from City Council to make a final decision.

This report describes the need to install minor street stop signs at eleven uncontrolled intersections in a new development in the Scarborough Southwest Community.

The subdivision is located on the north side of Danforth Road west of Birchmount Road. It is recommended that minor street stop signs be installed at the eleven subject intersections to clearly define the right-of-way and to regulate traffic flow.

In addition, this report recommends a heavy truck prohibition on seven new roads. This measure is being recommended as a standard practice for new local residential roadways.

Proposed Minor Street Stop Signs - Highview Avenue Area

(December 18, 2007) Report from Director, Transportation Services, Scarborough District

Committee Decision

Scarborough Community Council:

1. Denied the request for installation of an All-Way Stop Control at South Bonnington Avenue and Willingdon Avenue.
2. Adopted the “Compulsory Stops” regulation, as identified in Appendix 1 of this report.
3. Directed that the appropriate by-law be amended accordingly.

Financial Impact

The financial cost of installing the two recommended stop controls is approximately \$300.00. The funding for these stop controls is available in the Transportation Services 2007 Operating Budget, within Cost Centre TP0226.

Summary

This staff report is about a matter for which the Community Council has delegated authority from City Council to make a final decision.

This report responds to a request to install an All-Way Stop Control at the intersection of South Bonnington Avenue and Willingdon Avenue. The report shows that this intersection failed to meet the required technical warrant for this type of traffic control.

While investigating the foregoing request, Transportation Services staff also reviewed the installation of minor street stop signs at two uncontrolled three-way intersections in the same Birchcliffe-Cliffside Neighbourhood namely at: Baudina Crescent and Anneke Road and Haslam Street and Malta Street.

It is recommended that minor street stop signs be installed at these latter two uncontrolled three-way intersections to clearly define the right-of-way and to regulate traffic flow.

Proposed Speed Limit Reduction on Placentia Boulevard and Area Minor Street Stop Signs

(December 18, 2007) Report from Director, Transportation Services, Scarborough District

Committee Decision

Scarborough Community Council:

1. Denied the request for the installation of All-Way Stop Controls at Rooksnest Trail and Placentia Boulevard.
2. Denied the request for the installation of All-Way Stop Controls at the west intersection of Shootfield Crescent and Placentia Boulevard.
3. Adopted the “Compulsory Stops” regulation, as identified in Appendix 1 of this report.
4. Adopted the “Maximum Rate of Speed – 40 Kilometres Per Hour” speed limit on Placentia Boulevard, as identified in Appendix 1 of this report.
5. Directed that the appropriate by-laws be amended accordingly.

Financial Impact

The financial cost of installing these five recommended stop controls and the speed limit reduction signage is approximately \$1,500.00. The funding for these signage is available in the Transportation Services 2008 Operating Budget, within Cost Centre TP0226.

Summary

This staff report is about a matter for which the Community Council has delegated authority from City Council to make a final decision.

This report responds to a request to install All-Way Stop Controls at both Rooksnest Trail and Placentia Boulevard and the west intersection of Shootfield Crescent and Placentia Boulevard. The report shows that these intersections failed to meet the required technical warrants for these types of traffic controls.

It is recommended that minor street stop signs be installed at five other uncontrolled three-way intersections in the area to clearly define the right-of-way and to regulate traffic flow.

In addition, this report provides the results of traffic studies conducted on Placentia Boulevard, where a 40 kilometre per hour (km/h) speed limit is technically justified and recommended for implementation over its entire length.

Stopping and Parking Regulations on Slan Avenue at Heather Heights Public School

(December 5, 2007) Report from Director, Transportation Services, Scarborough District

Committee Decision

Scarborough Community Council:

1. Rescinded the stopping regulations on Slan Avenue, as identified in Appendix 1 of this report.
2. Adopted the stopping and parking regulations on Slan Avenue, as identified in Appendix 2 of this report.
3. Directed that the appropriate by-laws be amended accordingly.

Financial Impact

The financial cost of installing the parking controls recommended in this report is approximately \$1,200.00. The funding for these controls is available in the Transportation Services 2008 Operating Budget, within Cost Centre TP0226.

Summary

This staff report is about a matter for which the Community Council has delegated authority from City Council to make a final decision.

This report on Slan Avenue details the minor on-street stopping and parking regulation changes required to enhance both traffic safety and flow in front of Heather Heights Public School. The “school side” parking and “opposite side” no stopping regulations outlined in this report are consistent with those found at many other school zones in the Scarborough District.

Community Council’s approval of the stopping and parking regulations will enhance traffic safety at this location and allow enforcement by the Toronto Police Service.

Drainage Issues on Former Scarborough Expressway Corridor (4331 Lawrence Avenue East) and Surrounding Lands

(December 6, 2007) Report from Acting Director, Development Engineering, Technical Services

Decision Advice and Other Information

Scarborough Community Council deferred consideration of this matter until its meeting of February 12, 2008 to allow for notice to be given for public presentation and debate.

Financial Impact

There are no financial implications of this report.

Summary

This report is in response to a request by Scarborough Community Council to report on the results and action of investigations of drainage on lands in the vicinity of the former Scarborough Expressway Corridor (4331 Lawrence Avenue East) now being developed by WRP Neighbourhood Housing.

Originally the 8 hectare property was reserved for the Scarborough Expressway Corridor but more recently has been developed into a Police and Ambulance Station and approved for a 60 unit residential subdivision (WRP Neighbourhood Housing). Over the past year detailed engineering design and studies in support of the subdivision have been submitted and reviewed.

The current design calls for regrading the lands to create positive drainage of the site and the introduction of a conveyance system through the use of swales, sewers, roads, and a pond. These improvements will provide adequate drainage for the subdivision lands and be beneficial

to adjacent properties. Furthermore the stormwater management scheme does not heavily rely on the removal of water through infiltration into the ground. As such a groundwater study is not warranted in this situation.

 - b. *performance standard 39, as amended, shall not apply to the property at 3334 Danforth Avenue; and*
 - c. *section (a) of exception 46 be amended by deleting the words “Only the following uses are permitted” and replacing them with the following: “The following additional uses are permitted.*

Decision Advice and Other Information

Scarborough Community Council received the following communications

- (January 15, 2008) from William J. McDonald, Chair, Friends of the Danforth; and
- (January 14, 2008) from Helga Abbott.

Financial Impact

The recommendations in this report have no financial impact.

Summary

This City-initiated amendment is subject to the new provisions of the Planning Act and the City of Toronto Act, 2006.

The Danforth Avenue Study has created a vision for revitalization and enhancement of the segment of Danforth Avenue located between Victoria Park Avenue and Medford Avenue.

The vision for this Avenue is intended to guide development over a 20 to 25 year horizon. It seeks to create a vibrant, transit oriented, mixed-use main-street.

To implement results of this study this report recommends approval of the amendments to the official plan and the Oakridge Community Zoning By-law presented in Attachments 3 and 4. The report also recommends adoption of urban design guidelines in Attachment 5.
