SUMMARY

This staff report is about a matter for which the Community Council has delegated authority from City Council to make a final decision. The traffic and parking amendments recommended are required to enhance traffic operations and pedestrian safety during this year’s Canadian National Exhibition (C.N.E.), which takes place from August 15 to September 1, inclusive.

RECOMMENDATION

Transportation Services recommends that Toronto and East York Community Council:

1. Approve the temporary traffic and parking regulations on streets in the vicinity of Exhibition Place which are impacted during the Canadian National Exhibition, as noted in Appendix “A” of this report.

ISSUE BACKGROUND

Annually, Transportation Services staff receive Council authority and implement a number of traffic and parking regulations on various streets in the vicinity of Exhibition Place which are impacted by the Canadian National Exhibition.

COMMENTS

Having regard for the high volume of vehicle and pedestrian traffic generated during this annual event, the temporary traffic/parking regulations as shown in the attached Appendix "A" will help maintain efficient traffic conditions in the general area of the C.N.E. while recognizing the impacts on local residents. None of the streets listed in Appendix "A" have regular TTC routes. It is noted that a companion report is also submitted relating to temporary traffic and parking adjustments for the 2008 C.N.E. for streets served by transit routes and thus requiring City Council approval.
