

It is recommended that Toronto and East York Community Council:

1. Request Transportation Services staff report back to Toronto and East York Community Council in Fall 2008 on the feasibility of prohibiting left turns from the Esso Gas Station driveway, located on the west side of Carlaw Avenue, south of Lake Shore Boulevard East, to Carlaw Avenue; and
2. Request Transportation Services staff to review traffic operations at the intersection of Carlaw Avenue and Lake Shore Boulevard East with a view to enhance pedestrian and cyclist safety, and in consultation with the Ward Councillor, Waterfront Secretariat and Urban Design develop options for streetscape improvements on Carlaw Avenue between Commissioners Street and Eastern Ave.

A handwritten signature in dark ink, consisting of a stylized, cursive name followed by a long horizontal line extending to the right.
