

Glycol Heating System – 151 Dunvegan Road

Date:	August 12, 2008
To:	Toronto and East York Community Council
From:	Manager, Right of Way Management, Transportation Services Toronto and East York District
Wards:	St. Paul's – Ward 22
Reference Number:	Te08059te.row

SUMMARY

This staff report is about a matter which Community Council has delegated authority from City Council to make a final decision.

Transportation Services has assessed a request from the owner of 151 Dunvegan Road to install and maintain a glycol heating system that will encroach within the public right of way fronting 151 Dunvegan Road.

As the installation of the glycol heating system will not impact negatively on the public right of way, Transportation Services recommends approval of this encroachment.

RECOMMENDATIONS

Transportation Services recommends that Toronto and East York Community Council:

1. approve the installation and maintenance of a glycol heating system that will encroach within the public right of way fronting 151 Dunvegan Road, subject to the owner entering into an encroachment agreement with the City of Toronto, agreeing to but not limited to the following:
 - a. maintain the glycol heating system at his/her own expense in good repair and a condition satisfactory to the General Manager of Transportation Services and will not make any additions or modifications to the encroachment beyond what is allowed under the terms of the Agreement;

- b. obtain approval for associated work on private property from Toronto Building;
 - c. remove the glycol heating system upon receiving 90 days written notice to do so; and
 - d. accept such additional conditions as the City Solicitor or the General Manager of Transportation Services may deem necessary in the interest of the City;
2. direct Legal Services and/or the General Manager of Transportation Services to extend the Encroachment Agreement to the new owner, in the event of sale or transfer of the property abutting the encroachment, subject to the approval of the General Manager of Transportation Services; and
3. request Legal Services to prepare and execute the Encroachment Agreement.

Financial Impact

There is no financial impact to the City as a result of this report.

ISSUE BACKGROUND

The agent of the owner of 151 Dunvegan Road has requested permission to install and maintain a glycol heating system that will encroach within the public right of way fronting 151 Dunvegan Road.

COMMENTS

Applicable regulation

As there are no provisions within the former City of Toronto Municipal Code Chapter 313, Streets and Sidewalks, to allow for the installation of a glycol heating system, we are required to report to Community Council on this matter.

Reasons for approval

Transportation Services has reviewed the request and determined that the installation of the glycol heating system will not impact negatively on the public right of way.

Details of the encroachments are on file with Transportation Services.

A photo of the property is shown on Appendix 'A'.
