Final Report - Draft Plan of Condominium Conversion Application – 35 Raglan Ave

(December 14, 2007) Report from Director, Community Planning, Toronto and East York District

Committee Recommendations

The Toronto and East York Community Council recommends that City Council:

1. authorize the City Solicitor to attend at the Ontario Municipal Board (the “OMB) hearing in this matter together with such other City Staff as may be appropriate, to support the application subject to the imposition of the conditions set out in Attachment 3, of the report (December 14, 2007) from the Director, Community Planning, Toronto and East York;
2. require the owner to fulfill the conditions of Draft Approval of Condominium set out in Attachment No.3, of the report (December 14, 2007) from the Director, Community Planning, Toronto and East York, including the execution and satisfactory registration of any agreements deemed necessary by the City Solicitor to the satisfaction of the City’s Chief Planner, prior to the City’s consent for final registration and authorize the City Solicitor to prepare any necessary agreements to secure the conditions, as the City Solicitor deems necessary;
3. authorize the City Solicitor to make stylistic and technical changes to the Conditions of Draft Approval of Condominium as may be required; and
4. authorize and direct City Officials to take necessary actions to give effect thereto.

Summary

An application has been submitted to permit the conversion of an existing 32-unit residential co-ownership building at 35 Raglan Avenue to condominium.

As this application involves fewer than six rental units, an Official Plan amendment is not required. Also approval under the City's Rental Housing Demolition and Conversion By-law is not required as the application was made before the new provisions under the City of Toronto Act came into effect. The application, however, needs to be considered under the Condominium Act and Planning Act, and as approval authority for such applications had not been delegated at the time of application, Council's approval is required. This report reviews and recommends approval of the Draft Plan of Condominium applications subject to certain conditions being met. The application has been appealed to the Ontario Municipal Board. A hearing date has not yet been set.

Cash Payment-in-Lieu of Providing Parking - 130 Bloor Street West

(December 17, 2007) Report from Director, Transportation Services Toronto and East York District

Committee Recommendations

The Toronto and East York Community Council recommends that City Council:

1. approve the application by N. Jane Pepino, Aird & Berlis LLP, on behalf of 130 Bloor KS Inc., for a cash payment-in-lieu of providing six parking spaces, in the amount of \$336,000;
2. approve the requirement for the applicant to enter into an Agreement with the City of Toronto for the payment-in-lieu of six parking spaces, in the amount of \$336,000; and
3. consider that, should the applicant seek and receive approval to accommodate the parking shortfall in some other acceptable manner (for example, provision of spaces at an off-site location), then the payment-in-lieu provision for the subject application will not be required.

Financial Impact

Monies collected from this application would be directed to the Toronto Parking Authority parking reserve account.

Summary

A developer is proposing to add to and alter the existing building at Premises No. 130 Bloor Street West, which will result in a shortfall of six parking spaces. In view of this parking shortfall, the applicant has submitted an application to make a cash payment-in-lieu of providing the required parking spaces. Transportation Services staff support the application for payment-in-lieu of parking.

Final Report - Rezoning Application – 270 - 272 Donlands Ave

Statutory - Planning Act, RSO 1990

(December 14, 2007) Report from Director, Community Planning, Toronto and East York District.

Committee Recommendations

The Toronto and East York Community Council recommends that City Council:

1. amend the former East York Zoning By-law 6752, as amended, substantially in accordance with the draft Zoning By-law Amendment attached as Attachment No. 5, of the report (December 14, 2007) from the Director, Community Planning, Toronto and East York District; and
2. authorize the City Solicitor to make such stylistic and technical changes to the draft Zoning By-law Amendment as may be required.

Decision Advice and Other Information

The Toronto and East York Community Council held a statutory public meeting on January 15, 2008 and notice was given in accordance with the *Planning Act*.

Summary

This application was made on or after January 1, 2007 and is subject to the new provisions of the Planning Act and the City of Toronto Act, 2006.

The applicant has applied for an amendment to the former East York Zoning By-law 6752, as amended, to permit the construction of an 8-storey residential building at 270 Donlands Avenue. The proposed development would contain 44 alternative housing units, a gross floor area of approximately 3,776 square metres, and a proposed density of approximately 4.1 times

the lot area. The property at 272 Donlands Avenue will be used to accommodate parking for the development at 270 Donlands Avenue. No development is proposed at 272 Donlands Avenue as part of this application.

The subject site is located on the west side of Donlands Avenue, south of Cosburn Avenue, in close proximity to the local retail and service amenities located on O'Connor Avenue and Danforth Avenue.

Given the subject site's proximity to the Woodgreen facilities at 243 Cosburn Avenue, this proposal serves as an addition to the Cosburn Avenue site, and creates a "campus-like" atmosphere. Upon review of the land use and design considerations noted below, City Planning staff concludes that the applicant's proposal represents an acceptable balance between the introduction of a new use and respect for the local context and is an appropriate location for the proposed development.

This report reviews and recommends approval of the application to amend the Zoning By-law.

The Toronto and East York Community Council held a statutory public meeting on January 15, 2008 and notice was given in accordance with the *Planning Act*.

Summary

The recommended amendments are City-initiated and subject to the new provisions of the Planning Act and the City of Toronto Act, 2006.

This report makes recommendations for the lands bounded by Sunlight Park Road, Eastern Avenue, the Don Valley, Lake Shore Boulevard East and the properties fronting on the east side of Woodfield Road – the South of Eastern Employment District. The recommendation is to amend the new City of Toronto Official Plan and the zoning by-law for these lands. Also recommended is an amendment to the Official Plan for the former City of Toronto for 629, 633 and 675 Eastern Avenue.

A site specific Official Plan Amendment (OPA) and Zoning By-law Amendment (ZBA) to permit a variety of uses including office, retail, hotel and residential uses at 629, 633 and 675 Eastern Avenue is currently before the Ontario Municipal Board (OMB). Further prehearing conferences are scheduled for January 21, 2008 and March 5, 6, 25 and 26, 2008, with the hearing scheduled to start on May 5, 2008 for 12 weeks.

The purpose of this report is to bring forward official plan amendments (a Secondary Plan in the new Official Plan and a site specific policy for lands covered by the Official Plan for the former City of Toronto) and zoning by-law amendment, to seek further directions from Council with respect to this matter and to provide status reports on the continuing Ontario Municipal Board (OMB) hearing for the Toronto Film Studios appeal and on the “power centre” appeal. This will conclude the Part II Planning Study for the South of Eastern District.

This report reviews and recommends approval of the attached draft amendments to the Official Plan and Zoning By-law.

The City Solicitor advises that it is urgent that this report be considered and the by-laws be passed by Council at the January, 2008 meeting in order that the staff have instructions and the appeal period can commence and be complete prior to the OMB ordered prehearing conference for consideration of the Secondary Plan scheduled for March 25th and 26th, 2008.

6. If there are objections in accordance with Section 29(7) of the Ontario Heritage Act, the Clerk be directed to refer the proposed designations for which there are objections to the Conservation Review Board.

Summary

This report recommends that City Council state its intention to designate the properties at 194 Dowling Avenue and 1501 Queen Street West under Part IV of the Ontario Heritage Act. The apartment building at 194 Dowling Avenue was damaged by fire in 1998 and stands vacant.

There are concerns in the community about the proposed redevelopment of the site. The properties contain a pair of near-identical apartment buildings that merit designation under Part IV of the Ontario Heritage Act.

Withdrawal of Notice of Intention to Designate, Part IV, Section 29, Ontario Heritage Act – 90 Harbour Street

(October 31, 2007) Report from Director, Policy and Research, City Planning Division

Committee Recommendations

The Toronto and East York Community Council recommends that City Council withdraw its notice of intention to designate the property at 90 Harbour Street (Workmen's Compensation Board Building) under Part IV, Section 29 of the Ontario Heritage Act following the receipt of a letter from the Ontario Realty Corporation withdrawing its appeal of the proposed designation to the Conservation Review Board.

Summary

This report recommends that City Council withdraw its notice of intention to designate the property at 90 Harbour Street (Workmen's Compensation Board Building) under Part IV, Section 29 of the Ontario Heritage Act following the receipt of a letter from the Ontario Realty Corporation (ORC) withdrawing its appeal of the proposed designation to the Conservation Review Board.

City Legal and the ORC, owners of the property at 90 Harbour Street, agree that the City has no jurisdiction to impose municipal designation under Part IV, Section 29 of the Ontario Heritage Act on property owned by the provincial government or its agencies. The parties have reached

an agreement that the ORC will withdraw its objection to the proposed designation provided that the City then withdraws its notice of intention to designate the site. The site will remain listed on the City's heritage inventory, enabling staff to monitor any permits affecting its heritage attributes.

2. reduced the speed limit on Macpherson Avenue, between Avenue Road and Rathnelly Avenue from 40 km/h to 30 km/h, upon installation of the speed humps.

Financial Impact

The estimated cost to install three speed humps on Macpherson Avenue is \$9,000.00. funds in the amount of \$295,000.00 have been allocated in the Transportation Services 2008 Capital Budget for traffic calming initiatives. Installing speed humps on Macpherson Avenue would be subject to competing priorities and funding availability.

Summary

This staff report is about a matter which Community Council has been delegated authority from City Council to make a final decision.

This report summarizes the results of the traffic calming poll undertaken on Macpherson Avenue, between Avenue Road and Rathnelly Avenue. In spite of the poll falling short by one ballot of the stipulated 50 percent plus one response rate, an overwhelming majority of residents who responded support installation of speed humps. Transportation Services recommends under the circumstances proceeding with the installation of speed humps on Macpherson Avenue.
