### **Origin**

(December 19, 2008) Report from Deputy City Manager, Sue Corke

### **Summary**

In 2008 the City of Toronto took a number of new steps to address the affordable housing needs of the people of Toronto. At the same time, the Affordable Housing Office co-ordinated public consultations on the development of the city's long term affordable housing plan, Housing Opportunities Toronto (HOT).

HOT is based on the principle that affordable housing is a powerful positive contributor to Toronto's economy, to its environmental efforts, to the goal of community. Creating and renewing affordable housing will offer significant job creation possibilities in 2009, which is particularly important in the current economic climate.

This report summarizes 2008 affordable housing developments among the three governments as well as the City's HOT consultations. It also sets out priority actions for 2009.

### **Origin**

(December 17, 2008) Report from Deputy City Manager, Sue Corke

### **Summary**

This report provides a plan to ensure that all federal and provincial funding from the Canada-Ontario-Toronto Affordable Housing Program (AHP) is invested in Council- approved affordable housing initiatives prior to the expiry of the program on March 31, 2010.

City officials are working with Council-approved housing proponents, the Ministry of Municipal Affairs and Housing and Canada Mortgage and Housing Corporation to complete the investments in the rental and supportive, home ownership and housing allowance components of the AHP.

The completion of new rental and supportive developments by Toronto Community Housing Corporation, and other non-profit and private sector proponents will result in the construction of more than 2,000 rental homes and generate some 5,000 person years of employment. These investments contribute to the prosperity of Toronto and Council's goal of creating 1,000 new affordable homes annually.

The report notes that, given current economic uncertainties, some non-profit proponents may have difficulty obtaining mortgage financing and/or completing their development within currently approved budgets. In the event any further assistance is required, such requests will be evaluated on a case-by-case basis and reported to Council for consideration for any additional contingency funding from within existing capital funding sources.

The report also recommends that, in the event a proponent is not able to proceed with a development, their AHP funding be re-deployed to other Council-approved Toronto Community Housing AHP initiatives, including the revitalization of Regent Park. This strategy will help ensure that federal/provincial AHP funding allocated to the City will be fully invested in Toronto to the benefit of Torontonians.

Consistent with Council policy, the report recommends municipal and school property tax exemptions for all affordable units in six previously approved TCHC developments for twenty five years. This results in an increase of property tax exemption from \$5,894,355.00 to

\$9,085,473.00 as per Appendix B given adjustments for changes in the number of units in projects and extending exemption for some projects from 15 to 25 years.

## **Summary**

This report seeks approval to provide a \$258,266.00 grant from the Capital Revolving Fund for Affordable Housing to Habitat for Humanity Toronto Inc. (Habitat) to off-set the City's development related fees and charges for the construction of 20 new affordable townhomes for lower-income families at 1500 Weston Road. This grant will reduce the purchase price of each home by an average of \$12,913.00.

Habitat is an international non-profit, non-denominational Christian organization dedicated to helping lower-income families currently living in substandard housing benefit from affordable home ownership. Habitat Toronto has just celebrated 20th anniversary and has built over 90 homes in the City, with many more planned and under construction.

The City has a history of supporting Habitat's affordable housing building program in Toronto by waiving or reimbursing Development Charges and Planning and Building Permit Fees, and also providing surplus parcels of City lands for Habitat developments. This initiative demonstrates the City of Toronto's continued commitment to work with community based organizations to facilitate the construction of affordable housing and contributes to Council's goal of supporting the creation of 1,000 new affordable homes annually.
