Dear Members of Council:

Re: TE20.65, "Parking Regulations – Dundas Street West, Dovercourt Road to Sterling Road – One Year Review"

I have asked the Clerks to circulate this letter and the attached memorandum from Transportation services regarding the one year review of the pilot off-peak rush hour parking program on Dundas Street in Ward 18.

The memorandum outlines an alternative proposal to parking issues on Dundas Street West that has been developed by TTC and Transportation Services staff. It outlines a set of draft alternate recommendations that could replace the recommendations currently contained in report TE20.65.

Recognizing both the importance of on-street parking to local businesses and residents, as well as the importance of addressing gridlock to ensure the reliable movement of TTC vehicles and motorists, I am pleased that the attached memorandum outlines a staff proposal that attempts to find the right balance between these two concerns.

Accordingly, I intend to move that item TE20.65 be referred to the Public Works and Infrastructure Committee for consideration of whether to replace its proposed recommendations with the new recommendations outlined in this memorandum.

I hope that I can count on your support. Please don't hesitate to approach me if you have any questions.

Yours truly,

Adam Giambrone
Toronto City Councillor
Ward 18—Davenport
Chair, Toronto Transit Commission
