

MUNICIPAL CITY HALL
CITY OF SOYAPANGO

Soyapango, October 20, 2008

Mr. David Miller
Mayor of Toronto
His Office

Attention: Father Hernán Astudillo

We send you our warmest regards, wishing you every success in the performance of your duties.

The reason for writing this letter is to let you know that we are very pleased that the Technical Partnership between Soyapango and Toronto will continue. We are currently implementing the recommendations suggested by the Partnership that will help us to achieve greater levels of efficiency and effectiveness in providing the different services offered to the residents of our municipality.

On behalf of the noble people of Soyapango we thank you for the support provided. However we still need your help to provide the services required by the 500,000 people who live in Soyapango, mainly in the social area, in health care. I am taking this opportunity to ask you for two ambulances in order to better support the health care programs promoted by the municipality and to increase the coverage that we offer today to our citizens.

We count on your unconditional support and reiterate our appreciation on behalf of the municipality to the noble people and government of Toronto.

Sincerely,

Mr. Carlos Alberto García Ruiz
Mayor of Soyapango
