St. Clair Avenue West, between Caledonia Road/Caledonia Park Road and Winona Drive – Parking regulation amendments for the St. Clair Avenue West Transit Improvement Project

Date:	March 4, 2009
To:	Etobicoke York Community Council
From:	Director, Transportation Services - Etobicoke York District
Wards:	Ward 17 – Davenport
Report Number:	p:\2009\Cluster B\TRA\EtobicokeYork\eycc090056-to

SUMMARY

The purpose of this report is to obtain approval to introduce amendments to the parking regulations on St. Clair Avenue West, from Caledonia Road/Caledonia Park Road to Winona Drive.

The proposed parking regulation amendments will serve to improve the safe movement of transit patrons utilizing the St. Clair Avenue West Transit Line, facilitate the safe circulation of general traffic and introduce much needed additional on-street parking spaces for merchants on this section of St. Clair Avenue West.

Since the Toronto Transit Commission (TTC) operates a transit service on St. Clair Avenue West, City Council approval of this report is required. TTC staff has been consulted on the amendments and has not objected to the proposal.

RECOMMENDATIONS

Transportation Services recommends that City Council approve:

1. Rescinding the existing parking regulations on St. Clair Avenue West, between Caledonia Road/Caledonia Park Road and Winona Drive, listed in the attached Appendix “A”.
2. Enacting the proposed parking regulations on St. Clair Avenue West, between Caledonia Road/Caledonia Park Road and Winona Drive, listed in the attached Appendix “B”.

Financial Impact

All costs associated with the parking regulation changes have been included for funding as part of the St. Clair Avenue West Transit Improvement Project.

DECISION HISTORY

City Council, at its meeting of September 28, 29, and 30 and October 1, 2004, adopted, as amended, Clause No.1 of the Policy and Finance Committee Report No. 7, entitled “St. Clair Avenue West Transit Improvement Environmental Assessment – Yonge Street to Gunns Road (Just West of Keele Street) (St. Paul’s, Davenport, York South-Weston).”

City Council, at its meeting held on June 23 and 24, 2008, approved the Road Alterations and Traffic Regulations for the St. Clair West Avenue West Transit Improvement Project, for the section between Caledonia Road/Caledonia Park Road and Vaughan Road (the section between Caledonia Road/Caledonia Park Road and Winona Drive, being in the Etobicoke York Community Council District).

ISSUE BACKGROUND

The St. Clair Avenue West Transit Improvement Environmental Assessment noted above, approved by City Council, incorporated a Preferred Design Concept, the principal elements of which are as follows:

- two centre lanes reserved for exclusive use by streetcars (and emergency vehicles) protected by a raised, but mountable trackbed;
- during peak periods, two general purpose traffic lanes in each direction, located on either side of the streetcar tracks, providing sufficient capacity to accommodate all current peak period traffic volumes on St. Clair Avenue West;
- during off-peak periods and weekends, one general purpose traffic lane and one parking lane in each direction providing sufficient capacity to accommodate all current off-peak and weekend traffic volumes;
- left-turn lanes at signalized intersections to permit left-turns and U-turns on their own exclusive signal phase;
- on-street parking on both sides of the street during off-peak times on weekdays and at all times on weekends to be allowed in the majority of the curb lanes, and new off-street parking, resulting in a net increase in the parking supply along St. Clair Avenue West; and
- enhanced streetscape, urban design, streetcar shelters and platforms, public art and safety features in the overall design and implementation of the transit improvements project.

Also contained within the approved recommendations was a recommendation that “approval be granted in principle for the traffic by-laws required to implement this project...”(Recommendation (8) contained within the report from the Commissioner of Urban Development Services, the Acting Commissioner of Works and Emergency Services, the Chief General Manager of the Toronto Transit Commission, (TTC) and the President, Toronto Parking Authority, dated August 31, 2004).

COMMENTS

The section of the St. Clair Avenue West Transit Improvement Project between Caledonia Road/Caledonia Park Road and Westmount Avenue commenced in 2007 and the bulk of the work was completed in 2008. The section from Westmount Avenue to Winona Drive is planned for implementation in 2009. This work has already been authorized by City Council.

In June 2008, City Council adopted proposed traffic regulations for this section of St. Clair Avenue West, which since adoption and implementation, have been found to be too onerous in application. Transportation Services further review revealed that some of the parking regulations could be amended to provide much needed parking along the commercial strip. Accordingly, this report proposes parking regulation amendments which would go a long way to improve the on-street parking supply, without compromising the safe movement of pedestrians, transit and general traffic.

PARKING REGULATIONS

The attached Drawings EY09-47, EY09-48, EY09-03 and EY09-04, dated February 2009 show the existing (Appendix “A”) and proposed parking regulations (Appendix “B”), respectively, for St. Clair Avenue West between Caledonia Road/Caledonia Park Road and Winona Drive.

Generally, stopping is prohibited on the north and south sides of St. Clair Avenue West, between Caledonia Road/Caledonia Park Road and Winona Drive, between 7:00 a.m. and 9:00 a.m. and between 4:00 p.m. and 6:00 p.m., Monday to Friday. On the north and south sides of the street, parking is allowed for a maximum period of one hour, between 9:00 a.m. and 4:00 p.m. and between 6:00 p.m. and 9:00 p.m., Monday to Friday, between 8:00 a.m. and 9:00 p.m., Saturday and between 1:00 p.m. and 9:00 p.m., Sunday.

In addition, on both sides of the street, stopping is prohibited adjacent to the streetcar platforms and signalized intersections and parking is prohibited in the immediate vicinity of intersections.

The proposed parking regulations, for this section of St. Clair Avenue West, generally consist of stopping prohibitions for both directions during the morning and afternoon peak periods, and stopping prohibitions adjacent to the streetcar platforms and within 15.0 and 30.5 meters of the signalized intersections. The stopping prohibitions are required to ensure that two vehicle lanes are available in each direction during the peak periods and at all times at the intersections. On-street parking is maintained during the off-peak hours and on weekends (Appendix “B”). Taxicab stands are provided on the

north and south sides of St. Clair Avenue West, between Dufferin Street and Westmount Avenue, and between Lauder Avenue and Glenholme Avenue. These taxicab stands will be maintained in their current locations, but will not operate during the weekday peak periods. Additionally, the parking machines and parking for restricted periods by-laws will be adjusted as per Appendix “A” and Appendix “B”.

CONCLUSION

Approval of the recommended amendments to the existing parking regulations on St. Clair Avenue West, between Caledonia Road/ Caledonia Park Road and Winona Drive, will improve the traffic flow and introduce additional parking spaces for merchants on this section of St. Clair Avenue West
