

## MOTION

Moved by: Councillor Giorgio Mammoliti

The City of Toronto licenses a wide number of businesses. Over the last number of years, there has been a systematic abuse of the city's licensing program. In numerous city wards, some licensed premises are not operating within their license boundaries. In several cases, the City's licensed premises are in fact operating illegally. Furthermore, the ward Councillor is not notified when new licenses are granted.

### Recommendations

1. Etobicoke York Community Council request Municipal Licensing and Standards staff to commence an audit of business licenses across Etobicoke York District.
2. Etobicoke York Community Council request Municipal Licensing and Standards staff to notify local Ward Councillors when the City receives a new application for a business license.
