

MOTION

Moved by: Councillor Giorgio Mammoliti

Over the last nine years, 9 Milvan Drive has accumulated a history of infractions with the City of Toronto, ranging from zoning, building, fire and municipal licensing and standards. The address has also been plagued with gun violence leading to the deaths of Livette Miller in 2004 and Johnny Gewarges Youkhana on January 3, 2009.

Recommendation

1. Etobicoke York Community Council requests the Municipal Licensing and Standards Department of the City of Toronto not to issue any further business licenses at 9 Milvan Drive.
