## ISSUE BACKGROUND

Councillor Frances Nunziata, in consultation with area residents, requested Transportation Services staff to investigate the feasibility of introducing a no parking anytime regulation on the north side of Lippincott Street West, west from Weston Road, in order to prohibit parking in close proximity to the intersection of Lippincott Street West and Weston Road.

## COMMENTS

Lippincott Street West, between Denison Road West and Weston Road, is a local two-way roadway, with an existing speed limit of 50 km/h.

Currently, a “No Parking at Anytime” regulation exists on the south side of Lippincott Street West between Denison Road West and Weston Road. Parking is allowed for a maximum period of one hour from 8:00 a.m. to 6:00 p.m., except Sundays and public holidays on the north side of Lippincott Street West between Denison Road West and Weston Road.

Concerns expressed by the community, and confirmed by staff investigations that excessive long term parking was occurring on the north side of Lippincott Street West, just west of Weston Road, has led staff to conclude that prohibiting parking at all times on the north side of the street, just west of Weston Road, would create a much safer road environment for all road users. For this reason, staff is recommending that the existing parking regulations be amended on the north side of Lippincott Street West, west of Weston Road, to prohibit parking at all times for a distance of 44 meters west of the intersection, in order to discourage parking in close proximity to the intersection.
