Item: **EY 31.60**
Moved by Councillor Palacio

The Etobicoke York Community Council:

1. Requested the Manager, Municipal Licensing and Standards to review the operations carried on by New Sabby Concrete and Supplies at 32 and 36 Caledonia Road, Toronto, as it relates to non-conforming status, as well as property standards, waste, and By-laws under their jurisdiction.
2. Requested the Director, Toronto Water to review the operations carried on by New Sabby Concrete and Supplies at 32 and 36 Caledonia Road, Toronto, as it relates to the discharge to the storm and sewage system.
3. Requested that the Acting Director, Transportation Services evaluate the operations carried on by New Sabby Concrete and Supplies at 32 and 36 Caledonia Road, Toronto, with regard to the impact on traffic in the area and any potential safety concerns that may arise in connection therewith.

4. Requested that the Ministry of the Environment reinvestigate the environmental and health concerns in view of the environmental spill that took place on October 31, 2009. Further that strict regulations and restrictions be applied to the Certificate of Approval or to review and revoke the license as this industrial use is not compatible with the residential community.

Date: November 10, 2009
