

Dear Councillor Davis, Councillor Filion, Ms Davidovits and Ms MacDonald,

I would like to draw to your attention the motion recently passed by the TDSB's Inner City Advisory Committee concerning the funding of nutrition programmes for children and youth. We sincerely hope that your Committee and Board will support these recommendations.

We will be very interested in the outcome as will the children of Toronto.

Yours most sincerely,

Sheila Cary-Meagher
Trustee, Ward 16
Beaches / East York
Toronto District School Board

Subject: motion from the Inner City Advisory Committee of the TDSB

Dear Shelley.

At Thursday's Inner City Advisory Committee meeting we hosted Margaret McIntosh from FoodShare. After extensive discussion the following motion was placed and passed:

- -----
- (1.) " That the ICAC supports Toronto Public Health in matching provincial funding for student nutrition programs, and,
 - (2.) That ICAC supports parity in funding between the elementary and youth funding for nutritional programs."
 - (3.) That this information be forwarded to Trustee Soo Wong, TDSB's Public Health liaison, and both ICAC Trustee representatives, Chris Tonks and Sheila Cary-Meagher and Liz Janzen ICAC rep from Public Health Dept.

Thanks for you attention and support,

Sheila Cary-Meagher
Trustee
