Film piracy is rampant in the GTA and the economic impact is significant. The City of Toronto needs to take an active role in helping to eliminate the manufacturing, distribution and sale of pirated disks. A sustainable solution and a change in attitude to this problem needs to be developed in cooperation with the film industry stakeholders, law enforcement and public officials.

I am requesting that Staff report to the November 5th, 2009, meeting of the Municipal Licencing and Standards Committee on how the City of Toronto can assist the film industry in their fight against the DVD pirating of movies.
