Taxicab Driver Recognition Event Proposal

Origin

(December 15, 2008) Report from Executive Director, Municipal Licensing and Standards

Summary

The purpose of this report is to advise the Licensing and Standards Committee of the Taxicab Driver Recognition Day to be held in June 2009, and annually thereafter.

The taxicab industry and other stakeholders will be invited to participate on the planning committee to garner support from the industry for the event.

An Awards Sub-Committee will be formed to choose the award recipients from the candidates that are recommended by the City of Toronto and the industry.

The segments of the industry that are to be recognized will include:

- Standard Driver of the Year
- Ambassador Driver of the Year
- Accessible Driver of the Year

- Lifetime Achievement

Vehicle Branding and Continuous Registration of Vehicles in Ontario for Licensed Limousines

Public Notice

Origin

(December 15, 2008) Report from Executive Director, Municipal Licensing and Standards

Summary

To report on a proposal to amend the City of Toronto Municipal Code, Chapter 545, Licensing regarding continuous registration in Ontario and provincial vehicle branding for vehicles to be used as licensed limousines in the City of Toronto.

An amendment to the City of Toronto Municipal Code requiring Toronto licensed limousines to be continuously registered in Ontario should not be implemented due to the lack of availability of used Canadian vehicles and the added expense of approximately \$10,000.00 to \$15,000.00 for these vehicles. Further to this, the Ontario Ministry of Transportation branding program, which assigns "brand" types that indicate whether a vehicle has been severely damaged in the past, is already capturing any vehicles imported from other jurisdictions and currently no vehicle branded as irreparable or salvage can be registered for use in Ontario and therefore could not be licensed as a limousine in the City of Toronto.

Administrative Delegation to Establish and Select Members of Licensing Examining Panels

Public Notice

Origin

(December 15, 2008) Report from Executive Director, Municipal Licensing and Standards

Summary

This report recommends that the Executive Director of the Municipal Licensing and Standards Division be delegated the authority to establish Examining Panels and select members as required in accordance with the Council-approved criteria to conduct and mark examinations for certain trade licences.

The term “Examining Panel” to be used instead of “Examining Board” to clarify that, this is an administrative body, which does not operate as a board. The Toronto Municipal Code, §545, Licensing, will need to be amended to reflect these changes and to delete certain sections relating to the licensing of electrical contractors and examining and licensing of master electricians. In November 2005, the provincial government passed a Bill to give province wide authority to the Electrical Safety Authority to licence these trades. This came into force on July 1st, 2006.

This report also recommends changes with respect to examinations of applicants for a master plumber and drain layer’s licence.

Perimeter Fences Around Cemeteries

Origin

(November 18, 2008) Letter from Councillor Cesar Palacio, Ward 17 - Davenport

Summary

Requesting City Staff to report back on the feasibility of a by-law that would specify what

materials cemeteries in Toronto may erect perimeter fences out of, with an aim to properly buffer the cemetery from private residential properties and ensure the appropriate level of privacy and solemnity within the cemetery itself.
