**Summary**

The motion seeks authorization to introduce a Staff Report with respect to an urgent matter to request City Council Authority to enter into an agreement with Canadian National Railway Company to facilitate the continued construction of the East Don Trail Project. Significant capital expenditure to build trail infrastructure has already been undertaken and the contractor is mobilized at the property boundary of Canadian National Railway Company to complete the required pedestrian underpass as part of the East Don Trail Project.

At the same time this motion seeks City Council Authority to enter into an agreement with the Canadian Pacific Railway Company, as this will be needed during a later phase of trail construction.
