

Urban Backyards to Viable Food Farms

www.spinfarming.com

SPIN-Farming is sub-acre in scale

Two barriers to entry are removed:

- high cost of land

- high cost of farm infrastructure

SPIN-Farming
requires
modest capital
investment

Tools of the trade . . .

SPIN-Farming is close to markets & is market-driven

Always Fresh . . .

SPIN-Farming
is
sustainable

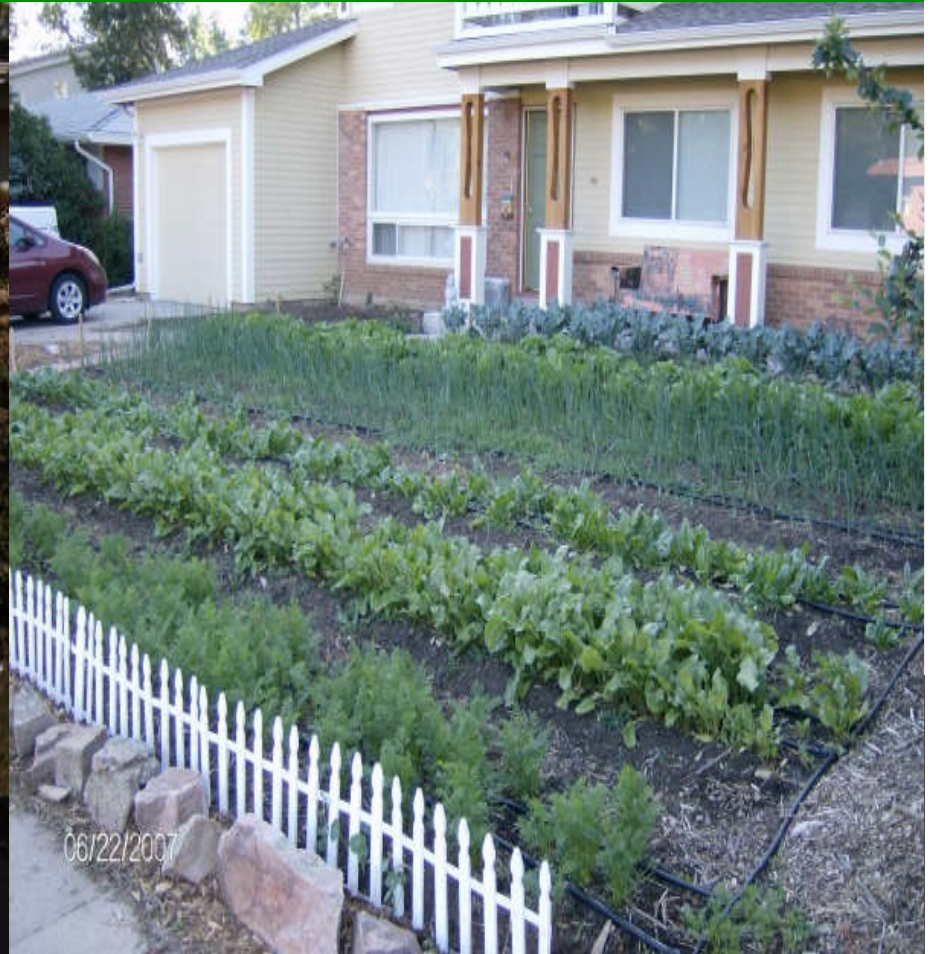

SPIN-Farming
is
entrepreneurial

SPIN-Farming is bringing food production HOME

Before

After!
