Public Works and Infrastructure Committee
c/o Candy Davidovits – Committee Administrator
City Clerk's Office - Secretariat Section
Toronto City Hall, 10th fl. W.

Dear Works Committee members,

Re: SSO and Recycling Infrastructure Sub-Committee

I am writing to formally request the Public Works and Infrastructure Committee reconstitute the SSO and Recycling Infrastructure Sub-Committee as soon as possible.

As you know, in order to meet the City's Target 70 goals by 2010, it is vital that we move forward quickly on our plans for new organics processing facilities at the Disco and Dufferin sites, as well as the planned mixed waste sorting facility at Green Lane. These three facilities are needed urgently to increase our organics and recycling processing capacity, which will allow us to achieve our 70 per cent waste diversion goal, as well as extend the life-expectancy of the Green Lane Landfill.

The design and construction of these new facilities will require extensive project management. In my view, a reconstituted SSO and Recycling Infrastructure Sub-Committee would be ideally suited to play this role, by working closely with City Staff to keep these projects moving forward on budget and on schedule.

I ask that you reconstitute this sub-committee as soon as possible. Thank you for your consideration of this request.

Yours truly,

Adam Giambrone
Toronto City Councillor
Ward 18—Davenport
Vice-Chair, PWI Committee
