## **MOTION**

### **Re: 535 Danforth, Boulevard Café Permit**

The owner of the property municipally known as 535 Danforth Avenue applied for a transfer of the Boulevard Café Permit to Municipal Licensing and Standards. The owner was informed by MLS staff that the size of his patio was not in compliance and the new license would have to reflect the new by-laws governing Boulevard Café Permits.

The permitted cafe area of 18.7 square metres being requested is a transfer of the same cafe area occupied by the previous business operator.

Therefore I am moving that: An exemption to this by-law provision be granted to allow ML&S to accept and process a Boulevard Café Permit application at 535 Danforth Avenue to 1395962 Ontario Inc. operating as Fox & Fiddle Restaurant as a grand-parenting of the new by-law.

I would ask that Municipal Licensing and Standards also be directed to consult with the Ward Councillor regarding any change in ownership of the business or any building renovations prior to any further permit being issued or any amendments to the permit area.

Sincerely,

Paula Fletcher  
City Councillor, Ward 30
