Hi Deputy Mayor,

I am following up on our meeting earlier today regarding the Minor Variance application for 1031 Shaw St. (File # A0191/09TEY).

Based on our review of the application and the requested variances Planning staff did not have any objections to the proposal before the Committee of Adjustment on March 25, 2009 regarding the proposal for a new 3 storey dwelling at the above mentioned property.

Sincerely,

Jeff Markowiak, Planner
