#### **SUMMARY**

---

This staff report is about a matter which Community Council has delegated authority from City Council to make a final decision.

Transportation Services has assessed an appeal from the owner of 100 Silver Birch Avenue for front yard parking. We do not recommend approval for front yard parking at this location because it does not meet the requirements of the City of Toronto Municipal Code Chapter 918. The owner will be given an opportunity to make a deputation before Community Council.

#### **RECOMMENDATIONS**

---

**Transportation Services recommends that Toronto and East York Community Council:**

1. deny the request for front yard parking at 100 Silver Birch Avenue.

#### **Financial Impact**

There is no financial impact to the City as a result of this report.

#### **ISSUE BACKGROUND**

The property owner of 100 Silver Birch Avenue, a single family detached home with a mutual driveway, submitted an application for front yard parking at this location. The applicant was advised that the property was not eligible for front yard parking because the regulations of the City of Toronto Municipal Code Chapter 918 do not permit front yard parking where permit parking is authorized on the same side of the street. The

applicant subsequently submitted an appeal requesting further consideration of this proposal.

The proposal for front yard parking is shown on Appendix ‘A’, the property data map is shown on Appendix ‘B’, digital photos of the property are shown on Appendix ‘C’ and the applicant’s landscape proposal is shown on Appendix ‘D’.

## COMMENTS

### Applicable regulations

Front yard parking is governed by the criteria set out in the City of Toronto Municipal Code Chapter 918, Parking on Residential Front Yards and Boulevards. The relevant provisions include:

- prohibit front yard parking where permit parking is authorized on the same side of the street; and
- a formal poll be conducted to determine whether there is neighbourhood support for the application and that such poll has a favourable result.

### Reasons for not approving

The property does not meet the above criteria for the following reasons:

- permit parking is permitted on the same side of the street; and
- the poll did not meet the minimum 50% response rate of eligible voters.

### Poll results

A poll was conducted in accordance with the City of Toronto Municipal Code Chapter 918-14. The area polled comprised both sides of Silver Birch Avenue from 96 to 126 on the even side and from 87 to 133 on the odd side, including 2276 Queen Street East. The deadline for receiving the ballots was April 7, 2009.

|  |           |            |
|--|-----------|------------|
| Total owners/tenants/residents polled                              | 81        | -----      |
| Returned by post office  | 0         | -----      |
| Total eligible voters (total polled minus returned by post office) | 81        | 100%       |
| No reply   | 42        | 52%        |
| <b>Total ballots received (response rate)</b>                      | <b>39</b> | <b>48%</b> |
| In favour of parking (of ballots received)                         | 32        | 82%        |
| Opposed to parking (of ballots received)                           | 7         | 18%        |
| Spoiled ballots  | 0         | 0%         |

The Code states that a poll will be considered valid when at least 50% of the ballots mailed out have been returned. This poll did not meet the minimum response rate and therefore the poll is deemed to be a negative poll.

### Other factors

Permit parking on Silver Birch Avenue is authorized on the even side, within permit parking area 9C. There are no on-street parking permits registered to this address.

|  |      |   |      |
|--|------|---|------|
| Total number of parking permits in area 9C | 5251 | Total permits issued as of March 31, 2009 | 4931 |
| Permits available                          | 320  | % of permits allocated                    | 94%  |

|   |    |  |     |
|---|----|--|-----|
| Total number of permit parking spaces on Silver Birch Avenue, between Queen Street East and Pine Avenue | 45 | Total permits issued to residents as of March 31, 2009 | 31  |
| Permits available   | 14 | % of permits allocated                                 | 69% |

Ramping is not required as there is an existing ramp to service the proposed parking, therefore, on street permit parking is not affected.

On this portion of Silver Birch Avenue, between Queen Street East and Pine Avenue, there are nineteen properties licensed for front yard parking and eight properties licensed for driveway widening. Five of these properties are licensed for two vehicles.

There is no tree in the front yard at this location. A review of this application by Urban Forestry has determined that there is no suitable planting site for a tree at this location due to the existing tree on the neighbouring property.

In accordance with the requirements, a review by Toronto Water has revealed that two downspouts at this property have been disconnected by the property owner.

### Alternate recommendations

While the property is not eligible for front yard parking because it does not meet the above-noted requirements of the Municipal Code, the property does meet the other physical requirements of the Code, (i.e., setback and landscaping).

Should Community Council decide to grant the appeal for front yard parking at 100 Silver Birch Avenue, it could recommend that:

1. the parking area be a minimum of 2.2 m in width and not exceed 2.3 m by 5.9 m in dimension;

2. the applicant provide the landscape features substantially in accordance with the plan as shown on Appendix 'D', to the satisfaction of the General Manager of Transportation Services; and
3. the applicant pay all applicable fees and comply with all other criteria set out in the City of Toronto Municipal Code Chapter 918, Parking on Residential Front Yards and Boulevards.
