RE: On-street permit parking at 56 Burnside Dr.

DATE: September 11, 2009

I am requesting the TEYCC to support a motion to establish on-street permit parking in front of 56 Burnside Dr.

This address is the only Burnside Drive property that does not have a driveway. The street has been polled twice to permit on-street parking, however, because all the other residents have parking pads and driveways on their properties, the polls have been unsuccessful.

A front yard parking pad is unsuitable in this circumstance because it would seriously compromise a mature oak tree. An on-street parking spot saves the tree, and allows for the property owner to park their one vehicle.

I request that staff bring forward the necessary bylaws to give effect to this on-street permit parking proposal.

Sincerely,

Councillor Joe Mihevc
