For a Renewable Planet
DECADE

March 12, 2009

Member Toronto and East York Community Council
City of Toronto, 100 Queen St. W., 2nd floor
Toronto, Ontario M5V 2N2

Sent By Facsimile this day to : (416) 397-0111

Dear Members:

I am writing you this day to request that "DECADE" be designated as an event of municipal significance. The event is scheduled to be open to the public May 29 and 30, 2009, with set-up beginning on the evening of May 27. It is also scheduled to take place outdoor on Queen's Park Road and Queen's Park grounds, between Bloor St. and College. A traffic management plan and Application for temporary closing have also been submitted to the City.

DECADE is an event produced by Decade For a Renewable Planet Inc., an Ontario Corporation, is aimed at :

- Finding green jobs and connecting the unemployed to them
- Raising funds to assist in green job development, funding, training
- Educating the public on green systems to conserve and thrive in the new energy environment
- Bringing together ethical investors and green innovators for green business development
- Celebrating Ontario's real, pro-active, environmental leadership

The event is multi-faceted with the largest initiatives being the Decade Rock Concert for Green Jobs and DECADE's Green Job Fair. The concert will be ready for the public May 30, 7:00 pm; we will be serving/selling alcohol within the barricaded walls of the rock concert and as such the Special Occasion Permit has been submitted to the Alcohol and Gaming Commission of Ontario.

With kind regards,

Marie Germain, CEO
Decade For A Renewable Planet Inc.
