Motion without Notice

MM47.11	ACTION			Ward: All
---------	--------	--	--	-----------

Ontario Summer Games - by Councillor Heaps, seconded by Councillor Grimes

- * Notice of this Motion has not been given. A two-thirds vote is required to waive notice.*
- * This Motion is subject to referral to the Executive Committee. A two-thirds vote is required to waive referral.*
- * This Motion has been deemed urgent.*

Recommendations

Councillor Heaps, seconded by Councillor Grimes, recommends that:

1. City Council direct that, upon receipt of a formal and detailed request for assistance from the Toronto Sport Council in support of a bid for the 2012 Ontario Summer Games to be held in Toronto, the City Manager assign appropriate City officials to evaluate this request, conduct due diligence, assess financial impacts (including the level of financial exposure the City would face given the requirement for the municipality which holds the OSG to provide a deficit guarantee), and report back to Council with recommendations.
2. City Council express its support in principle, pending receipt of a staff report, for a forthcoming bid to be prepared by the Toronto Sport Council for the 2012 Ontario Summer Games to be held in Toronto.

Summary

The Toronto Sport Council is seeking the City of Toronto's support in principle, subject to further study, for a forthcoming bid for the 2012 Ontario Summer Games (OSG) to be held in Toronto.

Bid submissions are due on May 3, 2010, hence the importance of considering this Motion at this time.

Tourism Toronto and the University of Toronto have expressed their interest in actively participating in the bid process.

In addition to its sport development and economic benefits, holding the OSG in Toronto in 2012 would provide a unique opportunity to enhance and test Toronto's sport-focused volunteer and organizational capacity in the lead up to the 2015 Pan / Parapan American Games.

First held in 1970, the Ontario Summer Games (OSG) is a showcase of amateur sport. As Ontario's largest multi-sport event, it provides young athletes with developmental and competitive opportunities which prepare them for national and international competition. Athletes competing in the OSG range in age from 13 - 22 years.

The OSG involves 27 – 32 sports, approximately 3,500 core participants (i.e. athletes – including athletes with physical disabilities -- coaches, managers and major officials), and up to 1,000 community volunteers.

The Games are held every other summer. They were last held in Toronto in 1992 when the former City of Scarborough hosted the Games.

The economic impact of the OSG is estimated at between \$3.5 – \$4.5 million.

The Sport Alliance of Ontario provides a \$600,000 "hosting grant" to the community in which the Games are held. While the OSG has never run a deficit, the municipality in which the Games are held must agree to provide a deficit guarantee.

(Submitted to City Council on March 31 and April 1, 2010 as MM47.11)
