

**NOTICE OF MOTION****Speed Limit Reduction:  
Winston Park Boulevard, Wilson Avenue to Lady York Avenue  
Anthony Road, Dufferin Street to Northgate Drive****Moved by: Councillor Augimeri****Seconded by: Councillor****SUMMARY:**

This motion is about a matter for which the Community Council has delegated authority from City Council to make a final decision.

The residents of Winston Park Boulevard and Anthony Road have requested that the speed limit on both roadways as noted above be reduced from 50 km/h to 40km/h, as there are a high number of pedestrians that utilize both roadways to either access Wilson Avenue or Dufferin Street.

Staff of the Transportation Services Division, North York District has reviewed the flow of traffic on both roadways and have concluded that given that there are no sidewalks on the on the following sections of roadways a 40 km/h speed limit is justified:

- Winston Park Boulevard between Wilson Avenue and Lady York Avenue;
- Winston Park Boulevard between Northgate Drive to Deverell Crescent; and
- Deverell Crescent between Winston Park Boulevard and Winston Park Boulevard

However as for Anthony Road, the warrant for the installation of a 40 km/h speed limit has not been met, as there is a sidewalk on the south side of Anthony Road.

The following table identifies the results of the most recent traffic studies conducted by Transportation Services:

Location	Dir	Warranted Speed Limit	Vehicle Speeds		Traffic Volume		
			Operating	Average	AM	PM	24 Hr
Winston Park Blvd	EB	50 km/h	48	37	21	20	215
Ionic Lane to Wilson Ave	WB		41	32	16	19	256
Anthony Rd	EB		57	45	111	90	894
Ionic Lane to Westdale Dr	WB		53	44	44	112	907

The amendment to the existing speed limit will address the residents concerns and ultimately reduce the operating speeds on both roadways

It should be noted that all costs associated with the amendments of parking regulations will be included within the Transportation Services Division's 2010 Operating Budget estimates.
