**Re: Sign Variance Appeal  
Item No.: SB5.2- November 29, 2010  
25 York Street**

Dear Chairman and Members of the Sign Variance Committee:

Following our appearance before your Committee on October 18, 2010, and discussions with the City Sign By-law Unit representatives, our client has agreed to reposition the sign so that no variances are required.

On behalf of our client, we thank the Committee Members for their attention to this matter.

Yours truly,  
Cassels Brock & Blackwell LLP

  
James Ayres
