Dear Pat,

I am writing to you today so that you can please bring my item back to East York Community Council for reconsideration. I was not given the opportunity to speak at the original meeting because I was not in the country at that time. I have been working at the corner on James Street by Queen Street West since 1987. I have never had any problems or complaints from anyone until 6 years ago when I was approached by the Eaton Centre Management. They asked me to move across the street but I refused because it was not in my benefit to relocate. I have tried to find a suitable location but can not find one that is acceptable to both the city and myself. I was approached by the Eaton Centre Management years before any renovations were in the plans and feel as though I am being bullied by the corporation because they have the funds available to do so. I am just an individual hard working man who would like to secure his living and feel very threatened with the current situation.

I appreciate your consideration in this matter.

Sincerely,

Nikolaos Smirnis
