COMMENTS

Originally there was a City-owned Norway maple tree located in the front yard of 76 Taunton Road. An inspection by Urban Forestry staff on May 1, 2008 revealed that the tree was in irreversible decline and no longer viable to maintain. The tree was scheduled for removal and subsequently removed on August 1, 2008. The final stage of tree removal involving removal of the stump took place on March 15, 2010. The property can now accommodate a replacement tree on City-owned property.
