Toronto, ON , M5H 2N2

With respect to the Construction activities at 180 University Management Ave located on the northwest corner of University Ave & Adelaide Street. We are responding to City of Toronto Letter dated June 17/10. 180 University Management Inc (Living Shangri-La -Project) applied for a noise exemption commencing work on June 12, 2010 – November 2010 starting at 7:00am every Saturday in lieu of 9:00am. We strongly believe that due to the G20 summit, other events which have imposed have deeply impacted our schedule and deliveries for our project. Having the additional 2 hours every Saturday can help retain any lost time to our critical schedule. 180 University Management will follow Chapter 591 Noise Exemption Permit terms and conditions. In addition we will do our best to minimize the noise level within those 2 hours. The construction equipment will only be an electric powered Tower Crane that will be operated during the 2 hour duration.

Regards,

Silvano Savoia
