

To: Board of Management

From: Robin D. Hale
Chief Operating Officer

Subject: **HIGH VOLTAGE EQUIPMENT & CABLE REPLACEMENT – TENDER RESULTS**

Date: 2010-11-09

Summary:

This report will brief the Board on the tender results for the high voltage equipment and cable replacement.

Recommendations:

It is recommended that this report be received for information.

Background:

This report is subsequent to a report submitted to the Board at their meeting on 2010-08-24. At that time the Board approved the staff recommendation to authorize the CEO to award the contract for the High Voltage Equipment and Cable Replacement Project within the Building and Services Refurbishment Allocation of the 2010-2014 Capital Works Program.

Comments/Discussion:

The tender was advertised in the Daily Commercial News and posted on the City's web site. Tenders closed on 2010-09-17 with six (6) bids being received as summarized in Schedule I (attached). A review of the tenders revealed that B.G. High Voltage Systems Limited was the lowest bidder in the amount of \$507,645 plus a contingency allowance and taxes.

B.G. High Voltage previously completed the Supply and Installation of Emergency Generators at the Toronto Zoo.

R. D. Hale
Chief Operating Officer
