RE: Administrative Inquiry Regarding Citizen Appointment Process, Access and Equity Considerations

Dear Ms. Watkiss,

I am submitting this Administrative Inquiry (under Municipal Code S27-61) to seek information from the Access and Equity unit of the City Manager's Office.

In all previous administrations since amalgamation, this information has been provided to help Toronto City Council assess whether Council's citizen appointments reflect the diversity of our city's residents.

The specific information I request is for the appointment recommendations from the nominations committee be reviewed from the following perspectives:

- a) Gender
- b) Racial diversity
- c) LGBT inclusion
- d) Aboriginal engagement
- e) Geographic representation by Community Council

I ask that this requested information be separated by each Agency/Board/Commission's proposed appointment as well as a summary of how the entire first round of appointments are reflected.

I further request that these results be compared with similar categories from previous administrations.

Sincerely,

Councillor Joe Mihevc
