Notes:

- 1 Based on 2011 composite samples taken by Toronto Water EM&P
- 2 Excess BOD, TSS, Phosphorus and Phenolics refers to the average of the industry's composite sampling results over 4 quarters in 2011 minus the By-law limit of that parameter
- 3 N/A=Non Applicable; refers to the industry's sampling results not being in excess of the By-law limit and parameter not listed in their industrial waste surcharge agreement
- 4 0 mg/L for a specific parameter refers to the average of the sampling results over the 4 quarters being less than the By-law limit
- 5 If an industry is listed more than once for the same site address it refers to multiple sampling locations.
