SUMMARY

This staff report is about a matter that Community Council has delegated authority from City Council to make a final decision.

The purpose of this report is to obtain approval to reduce the speed limit on Quebec Avenue between Dundas Street West and Annette Street from 40 km/h to 30 km/h.

RECOMMENDATIONS

Transportation Services recommends that Etobicoke York Community Council approve:

1. Enacting a 30 km/h speed limit on Quebec Avenue between Dundas Street West and Annette Street.

ISSUE BACKGROUND

At the Etobicoke York Community Council meeting on May 15, 2012, the installation of speed humps was approved for Quebec Avenue between Dundas Street West and Annette Street. However, as a result of an oversight, the approval of the corresponding 30 km/h speed limit was not approved. Currently the approved speed humps are being installed on Quebec Avenue between Dundas Street West and Annette Street. A map of the area is Attachment 1.

COMMENTS

Speed Humps are currently being installed on Quebec Avenue between Dundas Street West and Annette Street. Typically when physical traffic calming measures are approved the corresponding 30 km/h speed limit is also approved. However, due to an oversight the 30km/h speed limit was not approved. Approval of the 30 km/h speed limit on Quebec Avenue between Dundas Street West and Annette Street will maintain the current practice of having the lower speed limit in conjunction with the installation of speed humps on Quebec Avenue between Dundas Street West and Annette Street.
