Subject: Event Municipal Significance Requests

Hello,

The Junction BIA would like to request a Municipal Designation for two of our upcoming events/festivals:

Toronto Design Offsite Festival (TO DO) - City of Toronto festival celebrating the independent design and design culture. The Junction is participating with over 15 member businesses hosting design shows, exhibitions and events. The event opening night is Wednesday, January 22, with the festival opening itself hosted in the Junction. TO DO Festival runs from January 20-January 26th.

Scotiabank CONTACT Photography Festival May (1- 31st)- Toronto's most celebrated photography event- with the Junction Neighbourhood as a long time supporter and participant. Every year we have over 20 venues hosting great photographic works from the local community and international guests. Opening night - May 3rd.

We ask you to please grant the municipal significance designation for Jan. 22 and May 3rd for the Junction BIA and participating venues (member businesses) , or for both festivals in their entirety.

Thank you,

Kristina Skindelyte
Executive Director
