Date: October 23, 2013

To: North York Community Council

From: Councillor Jaye Robinson

Subject: Stop controls – Ronan Avenue at Snowden Avenue

SUMMARY:

I have been working closely with residents and city staff to improve traffic and pedestrian safety on Ronan Avenue.

In 2012, we installed corner prohibition signage to improve visibility at intersections and followed up with a community walk-a-bout in the summer and a well attended public meeting earlier this month.

At the public meeting, a solid majority of area residents voiced their support for an all way stop at the intersection of Ronan and Snowden Avenue. The community's hope is that the all way stop will contribute to increased pedestrian safety and visibility at the intersection.

RECOMMENDATIONS:

- 1. That North York Community Council approve the installation of all way stop control at the intersection of Ronan Avenue and Snowden Avenue.**

I appreciate your consideration of this request.

Warm regards,
