Councillor Toronto-Danforth Ward 30

November 19, 2013

Toronto & East York Community Council
City Hall
100 Queen St. West, 2nd Floor
Toronto ON M5H 2N2

Dear Members,

RE: Traffic Considerations Associated with 1075 Queen St. East Development Application

At the community meeting held regarding the development application at 1075 Queen St. East, a number of concerns were raised by the residents about the traffic impact on Winnifred Ave. during construction and after completion of the project. Residents have suggested changing the section of Winnifred Ave. from Queen St. East to the laneway immediately to the south change from one way to two way.

Another suggestion put forward is to ensure permit parking remains available to current residents when the new residents move in to the new apartments by eliminating access to permit parking in Permit Parking Area 8D.

As Transportation Services is currently reviewing this application, I would ask that these suggestions be considered and included in the staff recommendations when they are presented to TEYCC.

It is Recommended that:

- 1) The Director of Transportation Services evaluate the feasibility and desirability of altering the portion of Winnifred Ave. from Queen St. East to the laneway immediately south from one-way operation to two-way operation to be ready ahead of construction.
- 2) The development at 1075 Queen St. East be excluded from Permit Parking Zone 8D.

Sincerely,

Councillor Paula Fletcher
Ward 30, Toronto-Danforth
